The graduates who were members  
of the Hondo High School Glee Club  
were honored by their fellow mem-  
bers with a picture show party at the  
Raye Theatre Tuesday night, May  
16. On their arrival at the theatre,  
the honorees were presented corsages  
of sweet peas. Following the show,  
refreshments of ice cream and  
cookies were served at Fly's. The  
honored guests were Misses Bonnie  
Jack Cameron, Adell Pichot, Evelyn  
Ruth Dawson, Patricia Ney, Helen  
Burgin, Josephine Dawson, Aileen  
Grell, Mildred Martin, Fay Iris Car-  
ter, Mary Elizabeth Meyer, Eliza-  
beth Reynolds, Frances Ruth Fly,  
Susie Muenkink, Kathleen Reilly and  
Betty Jean Merriman. Additional  
guests were Mrs. O. A. Fly, glee club  
sponsor, Mrs. C. D. Sadler, director,  
and Misses Martha Leila Martin and  
Lucille Johnson, high school teachers.

Following the commencement ex-  
ercises Friday night, Mrs. Henry  
Merriman, room mother for the se-  
nior class of Hondo High School,  
entertained the twenty-seven mem-  
bers of the class with a garden party  
on the lawn of her home. Receiving  
with Mr. and Mrs. Merriman was  
their daughter, Betty Jean, one of  
the graduates. The rear garden of  
the Merriman home, with its stone  
table and benches, was the setting  
for the informal gathering. The  
school colors of blue and white were  
carried out in bowls of spring flow-  
ers, with garden plants and shrub-  
bery adding their natural beauty to  
the scene. Refreshments of punch  
and coconut cake squares were  
served. Additional guests were Mr.  
and Mrs. J. G. Barry, Mr. M. L. Mc-  
Dowell, Mr. and Mrs. C. D. Sadler,  
Mr. and Mrs. W. W. Henslee, Misses  
Martha Leila Martin, Helen Craw-  
ford and Lucille Johnson.

## MISS BRUCKS, BRIDE-TO-BE, HONORED

Miss Anna Leah Brucks, whose en-  
gagement to Supt. Matt Pader of La-  
Coste, is being named honoree for  
several pre-nuptial courtesies by her  
friends. Miss Mary Ruth Cameron  
entertained with a lingerie shower  
and bridge party in Miss Brucks'  
home Saturday afternoon at her  
home at 1526 West Craig Place, San  
Antonio. The guest list included a  
few friends of the bride-elect.

Richly colored pansies in tiny  
bowls and vases were decoratively  
arranged about the home, and in the  
dining room a large Japanese parasol  
covered the shower gifts and was  
attached to them by ribbon stream-  
ers. Following several games of auc-  
tion bridge, prizes were awarded  
Mrs. Ed Cameron for high score and  
Mrs. L. J. Brucks for second high  
score, and were in turn presented to  
Miss Brucks. The hostess also pre-  
sented a gift to the honoree.

Refreshments of chicken salad,  
saltines, pickles and olives, potato  
chips, devil's food cake and iced tea  
were served. Plate favors were tiny  
Japanese parasols.

Miss Brucks wore a pretty frock  
of violet and white printed silk crepe  
with a tiny vestee of eyelet embroi-  
dery and lace, the neck and puffed  
sleeves trimmed with violet velvet  
bows. Her hat was of white straw,  
a filmy veil draping its high crown.  
White accessories and a corsage of  
pink radiance roses completed her  
costume.

Those present besides Miss Brucks  
and Miss Cameron were Mesdames  
L. J. Brucks, Ed Cameron, Herman  
Finger, Marguerite Murrill and H. B.  
Hubert, Misses Genevieve Brucks,  
Lucille Newton, Frances Finger and  
Anne Davis, all of Hondo, Miss Jewel  
Binkley of Charco, Miss Josephine  
Brucks of San Marcos, and Mrs. B.  
R. Eichenroht of San Antonio.

Mrs. B. R. Eichenroht entertained  
on Monday, May 22, with a luncheon  
honoring Miss Brucks. The luncheon  
was held in the patio of the St. An-  
thony Hotel in San Antonio.

The guests filed into the patio to  
the strains of a wedding march and  
found their places by means of dainty  
place cards surmounted with sil-  
vered figures of a bride and bride-  
groom. The table was laid with yellow  
linen, and a profusion of spring  
flowers in yellow and white graced  
the length of the table.

The luncheon consisted of fruit  
salad in cantaloupe bowl, creamed  
chicken and mushrooms in pattie  
shell, fresh asparagus, curled pota-  
toes and iced tea. The dessert con-  
sisted of orange ice and coconut-cov-  
ered angel food squares.

The guest list included Miss  
Brucks, the honoree, Mesdames L. J.  
Brucks and Marguerite Murrill, and  
Misses Lucille Newton, Gen Brucks,  
Jewel Binkley of Charco, and Mary  
Ruth Cameron, Libbie Shoor, and  
Corinne Reynolds of San Antonio.

Mrs. Marguerite Murrill and Miss  
Lucille Newton are complimenting  
the bride-elect with a linen shower  
at their home at 8:30 tonight (Thurs-  
day).

## NEW PRESIDENT FOR MEDINA ELECTRIC COOPERATIVE INC.

At a special meeting of the Board  
of Directors of the Medina Electric  
Cooperative, Inc., held in the R. E.  
A. office in Hondo, State of Texas,  
at 10 o'clock A. M. on the 20th day  
of May, 1939, Mr. H. H. Decker  
tendered his resignation as President  
of said Corporation. The Rules and By-  
laws of said Corporation specify that  
no person shall be a member of the  
Board of Directors, or any other of-  
ficer in the Corporation, who would,  
either directly or indirectly, profit  
from any business as a result of the  
work that the Corporation is doing.  
As Mr. Decker has business connec-  
tions whereby he would receive a  
profit from sales to members of the  
Corporation, the Board of Directors  
found it necessary to accept his resig-  
nation as President.

It then became necessary that a  
new President be selected and after  
due and careful consideration and  
deliberation, Mr. Jim Amberson was  
elected to the office of President of  
the Medina Electric Cooperative, Inc.  
Another board member will be se-  
lected at the next regular Board  
meeting, to make up the required  
number of Directors.

## OWLS WIN FIRST GAME IN STATE BASEBALL MEET

A wire from Coach J. G. Barry  
late Thursday afternoon announced  
that the Hondo Owls won their first  
game in the State Baseball Meet be-  
ing held in Dallas this week. They  
defeated Wilmer-Hutchins School of  
Dallas by a score of 4 to 2. The  
Owls left Hondo for Dallas Wednes-  
day morning with a crippled team,  
with John Henry Jennings and Clin-  
ton Grell on the sick list and Henry  
Schuehle with a sprained finger, and  
fans are considerably cheered to  
hear the Owls passed their first test  
Thursday afternoon.

Today the Hondo Owls will meet  
Austin High, an old foe whom they  
defeated earlier this season. Austin  
won over Maypearl by a score of  
12 to 5 Wednesday afternoon.

## FOUR GRADUATES HONORED

Misses Betty Jean Merriman,  
Helen Burgin, Frances Ruth Fly and  
Kathleen Reilly, four members of  
this season's graduating class of  
Hondo High School, were honored  
by their parents with a progressive  
dinner party Thursday evening, May  
18th. The school colors of blue and  
white were featured in all the homes  
with decorations of blue cornflowers  
and white feverfew.

The dinner began at 7:30 o'clock  
with Mr. and Mrs. O. A. Fly as hosts  
in their home. Fruit cocktail was  
served informally to the guests.  
The main course consisted of small  
tables, centered with bowls of the  
blue and white flowers, and were ar-  
ranged on the lawn and the guests were  
entertained by two small Mexican  
boys singing to guitar accompani-  
ment. The menu consisted of  
cream chicken in pattie shells,  
stuffed potatoes, peas, molded fruit  
salad, hot rolls, and iced tea.

Mr. and Mrs. Joe W. Burgin had  
the guests in for dessert of ice cream  
and cake. Plate favors were blue  
pansies tied with blue and white rib-  
bons. Guests gathered in living  
room, dining room and sun porch.

The dinner was followed by a  
dance at the home of Mr. and Mrs.  
Henry Merriman. The living room  
and dining room were cleared for  
dancing and were decorated with  
floor baskets of blue and white flow-  
ers. The punch bowl was placed on  
a lace-covered table in the solarium.

Miss Burgin wore a peach organdy  
frock made with a bolero and a blue  
ribbon marking the waistline. Miss  
Reilly's dance frock was of light blue  
marquisette also made with a brief  
bolero. Black moire taffeta with a  
white lace bolero fashioned Miss  
Fly's dress. She wore white delphin-  
ium in her hair. Miss Merriman's  
dinner dress was of pink lace with  
narrow straps, inserts on the skirt  
and a bolero of pink satin. A cor-  
sage of blue cornflowers and a posy  
of the blue flowers in her hair com-  
pleted her costume.

The guests were Betty Jean Mer-  
riman and Charles Finger, Frances  
Ruth Fly and Burleigh Smith, Kath-  
leen Reilly and Harry Kollman, Helen  
Burgin and Walter Weynand, Susie  
Muenkink and Fred Bader, Mary  
Elizabeth Meyer and Elmer Joe  
Leinweber, Evelyn Ruth Dawson and  
James Gray, Margaret Ann Knopp  
and Arthur Lacy, Mary Louise  
Haegelin and Albert Lacy, Mary  
Ann Noonan and Charles Vincent  
Richter, Judy Lacy and Roland  
Gaines Jr., Patricia Ney and Roland  
Nester, Mildred Martin and Clinton

## SENIORS RECEIVE DIPLOMAS

Twenty-seven seniors, sixteen girls  
and 11 boys, were awarded their  
graduation diplomas from Hondo  
High School Friday night, May 19,  
before a large crowd on Barry Field.  
The diplomas were presented by Dr.  
H. J. Meyer, president of the school  
board, while scholarships and awards  
in sports were presented by Supt. J.  
G. Barry. Miss Patricia Ney was  
valedictorian of the class, Miss Kath-  
leen Reilly salutatorian, and Clinton  
Grell high point boy. Scholarships  
to Texas universities and colleges  
were presented high point girl and  
boy.

In addition to several musical  
selections by members of the class,  
unusual commencement addresses  
were given by various seniors, the  
purpose of the talks to given the pa-  
trons of the school a better under-  
standing and knowledge of its his-  
tory, financial condition, present  
status and plans for the future.  
These papers will be published in this  
paper at a later date.

George Rucker, class president,  
closed the career of the seniors as  
a class with a farewell address, and  
after the singing of the school song,  
"For Hondo's Honor and Glory",  
the program came to an end.

Grell, Fay Iris Carter and Elmo  
Pope, John Henry Jennings, Henry  
Schuehle, Leslie Earl Holloway, G.  
H. Finger, Henry Martin Finger,  
Bertram Eckhart, and Jack Speece,  
Mr. and Mrs. J. G. Barry, Mr. and  
Mrs. Barnitz Carle, Miss Lucille  
Johnson and Homer Wilson.

## SUB-DEB CLUB HONORS SENIOR MEMBERS

Eight girl graduates of Hondo  
High School, members of the Sub-  
Deb Club, were feted Saturday night,  
May 20, with a dance from 8:30 to  
2:00 o'clock at the lovely home of  
Mr. and Mrs. Jack Lacy on Rothe  
Hill. Misses Judy Lacy, Margaret  
Ann Knopp, Mary Ann Noonan and  
Mary Louise Haegelin were the host-  
esses and the honorees were Misses  
Betty Jean Merriman, Mary Eliza-  
beth Meyer, Evelyn Ruth Dawson,  
Elizabeth Reynolds, Frances Ruth  
Fly, Kathleen Reilly and Helen Bur-  
gin. Miss Susie Muenkink, one of the  
honorees, was not present. Seventy-  
five guests included the escorts of

the hostesses and honorees and ad-  
ditional friends.

The spacious grounds, with the  
shrubbery softly lighted with blue  
lights and seats arranged in intimate  
groups on the lawn, formed a per-  
fect setting for the brightly lighted  
house. At the end of the garden  
path, guests found refreshment from  
a block of ice molded to resemble a  
large bowl.

The dance was held on the wide  
front and side verandas which were  
softly illuminated from the blue  
lights in the shrubs. The interior of  
the home was beautifully decorated  
with red carnations, with greenery  
and colored lights entwining the  
stairway in the reception hall. In  
the dining room, the long refectory  
board was laid with a lace cloth and  
had a graceful center arrangement  
of red carnations in a silver bowl  
and red tapers burning in silver  
candelabra. A similar arrangement  
decorated the buffet.

At midnight a buffet supper of  
chicken sandwiches, olives, assorted  
cakes and iced tea was served.

Miss Lacy was attractive in black  
net over taffeta, with the straps of  
red velvet ribbon in front tied in  
lover's knots forming the orna-  
ment of the frock. Miss Noonan's  
princess style dress was of navy blue  
and white dotted swiss worn with a  
brief pique cape as the evening  
grew cooler. Miss Knopp wore a  
lovely model of flame chiffon, jeweled  
clips marking the low décolletage.  
She wore red carnations in her hair.  
Miss Haegelin's swing dress was of  
white swiss dotted in red with which  
she wore a red taffeta bolero.

Miss Reilly was a petite figure in  
pale green embroidered organdy and  
net. A blouse and skirt ensemble of  
light and dark shades of blue chiffon  
was worn by Miss Fly and there  
were pink posies in her hair. White  
satin with red clip decor and red car-  
nations in her hair distinguished Miss  
Merriman's costume. Miss Burgin's  
frock of pale blue chiffon had a  
pretty drop-shoulder effect. Miss  
Meyer wore a full skirted dance  
dress of hyacinth blue silk net with  
blue lace bodice. Miss Dawson's  
Grecian style chiffon was also of  
the favored color of blue. Miss  
Reynolds wore a pink flowered or-  
gandy over blue taffeta and a cor-  
sage of white carnations.

for several days medical treatment.

## THEFT SUSPECT CAUGHT

A series of swiftly-moving events  
beginning at Hondo Sunday morning  
led to a 25-mile pistol-shooting chase  
by sheriff's deputies through San  
Antonio streets Sunday afternoon  
and the capture of a youthful theft  
suspect after he had crashed into a  
pole at Zarzamora and Durango  
streets.

Early Sunday morning, Sheriff C.  
J. Schuehle of Hondo found a car  
stalled near the city. He investigat-  
ed and found no one there, but did  
find a quantity of radios, automobile  
equipment, clothing and a shotgun.  
After waiting for someone to appear,  
he left a man to watch for the re-  
turn of the owner.

A youth later appeared in a new  
car and transferred the articles from  
the parked auto. Meanwhile Sheriff  
Schuehle was notified and began a  
pursuit of the youth who was headed  
toward San Antonio. He did not  
sight the car and notified San An-  
tonio officers to be on the lookout.

Deputy Sheriffs Elton Cude and  
W. C. Miller proceeded to the Cas-  
troville Road and immediately sighted  
the suspect and he in turn saw  
them. A chase in which both cars  
traveled at high speed began with  
Deputy Cude firing as the cars sped  
through San Antonio streets.

The chase continued along the  
Castroville Road, then to the Holm  
Road. Here both cars nearly collid-  
ed when the suspect's car swerved in  
front of the deputy car, after which  
both cars came to a standstill. At  
this juncture, Cude leaped from the  
car and fired a shot which struck the  
door beside the youth. However, he  
quickly started his car and proceeded  
toward Zarzamora Street.

While the car was speeding along  
Zarzamora Street, Cude struck the  
left rear tire with a pistol shot, but  
the car continued at a high speed. At  
Durango Street, the car lurched out  
of control and smashed into a pole.

Deputies Cude and Miller leaped  
from their car and arrested the occu-  
pant, who was booked at the sher-  
iff's office for investigation. He  
gave his age as 19, and said he was  
from Illinois.

Checking up on the license plates  
of the car, it was found that it be-  
longed to Elfreda Schulz 103 East  
Mistletoe Avenue. No report of the  
car being taken had been received  
at the time of its crash.

Mr. Schuehle, who was in pursuit  
of the fleeing culprit, arrived on the  
scene about the time the deputies  
reached the courthouse with their  
prisoner. Further investigation dis-  
closed that the young man's widowed  
mother lives in Houston. The boy  
had been sent to his grandparents in  
Illinois, but ran away from there and  
came back to Texas, from all ac-  
counts, leaving a trail of burglaries  
and thefts along the route.

## ST. PAUL'S LUTHERAN CHURCH

English Pentecostal services Sun-  
day, May 28, beginning at 10:00.  
Sunday school at 9:00.

Pentecost is one of the most glori-  
ous days in the record of God's re-  
velation to man. It takes its place in  
importance alongside of Christmas,  
Good Friday and Easter and Christen-  
dom does not let this festival pass  
unobserved. Are you led by the  
Holy Spirit, or another spirit?

PAUL CZERKUS, Pastor.

## REVIVAL AT BAPTIST CHURCH

A revival meeting opened Wed-  
nesday, May 24, at the First Baptist  
Church of Hondo, with Rev. Willis  
J. Ray, Evangelist of San Antonio,  
conducting. Mr. Curtis D. Owen of

From The LaCoste Ledger.  
WORK STARTS ON NEW  
SCHOOL HOUSE

Work was started on the new additions to the Castroville school building Wednesday morning and it will be completed in time for the opening of school next September. Contractor Marshall was getting partitions pulled down Wednesday and WPA agencies were signing up men for the work, then on Thursday real work was started.

Resident Engineer Lilly is supervising the work which, when completed, will provide the Castroville school with four additional rooms that are very substantial and conveniently arranged.

WATER IN HAAS POOL  
TO BE RELEASED

Water held back by the dam at Castroville will be released June 5th for the purpose of making repairs on the dam and the removal of tree stumps and underbrush in the pool at Camp Cayoca. This advance notice is given to water users above the dam so they may be prepared for a lower level of the water during a few days period.

During the same time the Haas Park management will undertake to clean out the mud that has accumulated above the dam. This is done every few years and most interested parties know what it means. The dam is the property of the Public Service Company.

Prof. Matt Bader, superintendent of LaCoste school, was over to see the home folks, Saturday, and called on The News. Devine people are pleased to know that Matt is making good as a superintendent. He will be with that eleven grade high for another year, and hopes to fully affiliate the school.

George L. Schott reports enough rain to plant peanuts and sorghum seed which he thinks will come up. Older corn will not make much unless it rains. He farms dry lands.

Albert Keller, a Black Creek farmer, reports losing two milch cows, last week, apparently from eating sudan grass. He turned them in on the sudan in the evening after milking and found them dead next morning.

LOCAL HIGHWAY CREW  
WORKING EAST NOW

Pilgrim's local maintenance crew is now dividing time with No. 173 east; and has been doing some work on this section, in town. It was rumored last week that the R. R. building crew was here to remove the stock loading pens out of town and from the survey of No. 173; but the crew left without moving the pens. These pens are in a dilapidated condition, and should be moved and rebuilt so they will hold cattle; and so 173 can build straight through town.

Mr. and Mrs. Arnold Bendele and two daughters were guests of Mrs. Bendele's mother, Mrs. Ewing at Floresville on Mother's Day.

DANCING SCHOOL

Ballroom dancing is growing in popularity in Texas and mature men and women are learning to dance in ever increasing numbers, according to Prof. Earl Adolph, nationally known Dance Master who has successfully conducted many dance studios in both the United States and Europe.

"People are never too old to learn to dance," Prof. Adolph declared. "And men and women of middle age are finding both pleasure and relaxation in dancing. Many men and women are realizing they should learn to dance both for social as well as for business reasons."

The Hollywood Dance Studios in San Antonio, under the careful supervision of Prof. Earl Adolph and Helen Adolph, has perfected an easy and successful method of teaching ballroom dancing. Men and women from practically every city in south Texas have taken lessons in their modern studios.

One feature of the studio which especially appeals to dancing students is the fact that no on-lookers are permitted in the studios and every pupil is given all of the consideration possible.

New classes are being started daily at the studio, according to Prof.

Adolph, in order to accommodate the ever increasing number of pupils from out of town that are taking lessons. The Hollywood Dance Studios owe their popularity to the fact that they are strictly a school of dancing and not a place where any person may enter by paying an admission.

Treating seed Irish potatoes for scab costs only 5 to 10 cents a sack, but it may be the factor that will determine whether or not a farmer makes a success with his potatoes, according to J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service. Seed treatment in Texas has been successfully practiced by thousands of farmers, and it has paid big dividends in almost every case. The treatment controls scab, an infection which lowers the grade, price, and food value of potatoes, and also reduces black scurf, a disease that attacks the young sprouts and causes poor

stands. There are two popular treatments. These are hot formaldehyde for large lots and bi-chloride of mercury for small lots. The effectiveness of the treatment may be greatly lessened by soil contamination or by the survival of the organisms producing the scab from the previous year. For that reason, crop rotation, the use of humus building crops, and in some instances, the use of acid-producing

fertilizers is advised, regardless of whether the potatoes are planted for home use or for commercial production.

From The Uvalde Leader-News  
**GOOD PROGRESS BEING MADE ON HIGHWAY NO. 90**

Good progress is being made on the relocation of Highway No. 90 in Uvalde and Medina counties, between Sabinal and D'Hanis, the Uvalde Chamber of Commerce good-will trippers found last Friday on their visit to the neighboring towns to the east.

At D'Hanis they were told that drainage structures on the Medina County stretch of some eight miles will be completed in early June and that dirt work will be completed by late August or early September. Since the stretch to be relocated in Uvalde County is much shorter, it probably will be completed prior to the completion of work in Medina County and the highway may be opened to traffic in late summer or early fall.

The new highway is located on the south side of the Southern Pacific tracks between Sabinal and D'Hanis and eliminates a narrow underpass near D'Hanis, a railroad crossing in Sabinal as well as several stretches of winding road.

**UVALDE COUNTY BOASTS OF FINEST HORSE-RAISING RANCHES IN TEXAS**

Over along the eastern boundary of Uvalde County and the western line of Medina County is to be found one of the country's greatest ranches for raising thoroughbred race horses. The place is known as Valdivia Farms, the name "valdivia" being obtained, of course, by combining parts of the names Uvalde and Medina. The ranch is the property of E. F. Woodward, Houston capitalist. It is better known to most of this section's ranchmen as the old Nixon ranch.

Woodward acquired the property some ten years ago and since that time has made vast improvements which make it second to none in Southwest Texas.

The Uvalde Chamber of Commerce trade trippers visited the place last Friday afternoon, and to most of the members of the party what they found was indeed a revelation. Most of them had heard of the ranch, but few had visited it. There the attendants showed them horses whose winnings have run into thousands of dollars on the major tracks of the country. It was on that place that Viscounty, a three-year-old horse which ran fourth in the recent Kentucky Derby, was bred. The attendants said that ordinarily there is much work to be done, but on the afternoon of the derby all hands grouped around the radio to get the reports of that classic.

The ranch itself comprises some 18,000 acres, all under a high fence. Just as the trippers stopped at the entrance gate, a buck deer stood nearby gazing at the group. A few hundred yards back down the road, some members of the party had noticed a wild turkey hen attempting to get through a fence. That country abounds in all kinds of game.

In addition to horses, the ranch runs some 1000 head of cattle and 5,000 goats. The cattle and goats are in charge of "Red" Hill of Sabinal, while John Ware, also of Sabinal, has charge of the horses.

Thirty-two of the horses have been sent from the ranch this year to tracks in other parts of the country, 15 of these having been sent just two days prior to the visit of the Uvaldeans. Around 175 horses are kept on the ranch, but the number at the present time is below that figure because of the recent shipments.

Horses are kept at the ranch until they reach the age of around two years or more and then are sent to the tracks for further seasoning. The colts' first training is received

## Superintendent Hondo Schools

PROF. J. G. BARRY

Mr. J. Gordon Barry came to Hondo in 1927 as High School Principal. The following year he became Superintendent of the Hondo Public Schools; and since that time has carried on a highly efficient and constructive program for the betterment of public schools. With the cooperation of the Board of Trustees, he has given Hondo one of the best school systems of its size in Southwest Texas.

Mr. Barry's prime consideration in the building of a school is the child. He has provided the most favorable conditions possible for his education. Scholastic standards have been raised; libraries provided; and subject offerings considerably increased. Notable among these additions are the offerings in homemaking, vocational agriculture, commercial studies, and music. By 1930 Hondo High School had not only met the requirements of the State Department of Education, but had gained the recognition of the Southern Association of Accredited High Schools and Colleges, an honor held by comparatively few schools at that time.

Ever alert and on the job, Mr. Barry has added to the material aspects of the school. Good equipment has been provided for the teaching of subject matter. Buildings have been kept in a good state of repair. At present, a program is on hand for the erection of two elementary schools—one for Latin-Americans and one for Negroes—and a gymnasium for high school use. The school campus has been enlarged and beautified. Through his untiring efforts and with some government aid, Mr. Barry has provided Hondo with one of the best athletic fields in the state.

Coaching winning teams has been Mr. Barry's chief hobby. His baseball teams are recognized winners each year. His team of last year won second place in the State Baseball Tournament in Dallas. This year's team is to be a strong contender for first place in that contest to be held in the near future. His football teams were highly successful during the time he coached football, 1927-1931. Since then, winning teams have brought Hondo much renown.

Students, patrons, and faculty are grateful to Mr. Barry for the efficient service he has rendered in this community, and wish him continued success in his efforts.

On a model track right on the ranch. The track, about five-eighths of a mile in length, is equipped with starting chute and other devices found at the regular tracks.

One of the prettiest sights which greeted the visitors was some 50 mares, each with a colt by its side, grazing near the ranch house. That sight alone was worth the trip to the ranch.

Modern barns of concrete and tile, some of them immense structures, are scattered about the place. The ranch house is located right on the bank of the Seco Creek and Mr. Woodward has built a dam across the stream, the top of which is the roadway leading to the ranch house and grounds. A smaller dam built several years ago was destroyed by the big rise in the creek in 1935.

The visit to the ranch was one of the most pleasant experiences of the day for the trade trippers, and they are grateful to the ranch employees for the courtesies shown them while there.

Mr. and Mrs. Claude W. Gilliam of Hondo were visitors at the Bouds ranch Sunday.

Little Ann Lewis, six-year-old daughter of Olen Lewis, rather embarrassed the family at dinner the other day. Father Lyons was the invited guest and Ann asked him if he wanted to hear a dirty joke. The fond mama got Ann to be quiet and after dinner asked her why she wanted to say such a thing. "Well, all I wanted to say Mama," said Ann, "if he had said he did was just to tell him about the boy that pushed his sister into the mud hole."

Mr. and Mrs. C. O. Rihn of Pearsall were Uvalde visitors this past week. They are former residents of Uvalde.

Mr. and Mrs. E. J. Brice, Mr. and Mrs. W. H. Danner and family, Mr. and Mrs. R. G. Bendele drove to D'Hanis Sunday and enjoyed a picnic with their children who drove out from San Antonio to meet them.

Miss Georgia May Richarz spent the past week with her sister, Mrs. Arthur Davis, near Rio Prio. She returned Sunday, accompanied by Mr. and Mrs. Davis and little daughter who spent Mother's Day with her mother, Mrs. Oscar Richarz.

### GOOD PROSPECTS IN MEDINA

Our friend Bill Huegele of Hondo visited us at the Leader-News office Saturday morning and on being asked if that rain didn't look good, he said sure, but Hondo has had enough of it for a while. All the crops over there are doing good, except a lot of corn which was stunted by the lack of rain. Bill said he had been up to Comfort and Kerrville to sell some

### NEW FOUNTAIN'S WOMAN'S MISSIONARY SOCIETY

The New Fountain Woman's Missionary Society met at the home of Mrs. Clinton Wiemers for their regular monthly meeting on Wednesday May 17, with (13) thirteen members and (4) visitors present.

The program for the afternoon was led by Mrs. Fritz Stiegler. The topic being "Broadening the Horizons of the Rural Community." Call to worship was given by leader.

"O Worship the King" was sung by the members. The meditation, "Working Together" was given by Mrs. Clarence Schweers. "John Frederick, a Protestant Saint," was given by Mrs. Fritz Bohmfalk. "Father Jimmy, Worker of Miracles" was given by Mrs. Geo Wiemers. Mrs. Frank Muennink gave "Ewha College, Where the Door Swings Wide." "Texas Mexican Missions" was given by Mrs. Jacob Schweers.

After a short business session a delicious plate lunch was served. "God of the glorious sunshine, God of refreshing rain, Whose voice bids earth awaken, and clothe itself again, With life of richest beauty, in plant, in flowers, in tree; Thou God of light and splendor, We rise and worship thee."

God, who touches earth with beauty, Make me lovely, too; With Thy Spirit re-create me, Make my heart anew.

The reporter.

### NOTICE

May 22 thru 27 has been designated as National Cotton Week. Since cotton is so important in the economic life of the south, cooperation of the entire people in carrying out the cotton campaign is of vital interest to YOU as citizens. The purpose of the campaign is to increase consumption of cotton in the United States by 500,000 bales per year.

Everyone can have a part—the merchants who handle cotton goods and especially the BUYING PUBLIC, in giving preference whenever possible, to cotton instead of some other material. Every additional cotton handkerchief, shirt, towel, bed sheet or other article purchased will help in attaining that objective.

**PAYS THE PRINTING OFFICE A VISIT**

Mrs. Anne M. Thorn of the Harris Termite Control System of San Antonio was here this week on business for her company. The system was developed by R. O. Harris and has proven effective in protecting buildings from the inroads of these destructive pests.

Mrs. Thorn is a daughter of the late Col. S. P. Meador, editor and publisher of the Okalona Messenger at Okalona, Arkansas, for 41 years. Having grown up in a printshop, so to speak, she came in to get another whiff of the smell of printer's ink. Col. Meador was an editor of the old school and could accomplish more with a Washington hand press and a "shirt-tail full of battered type" than most can do with modern equipment.

**CARD OF THANKS**

We take this means of publicly expressing our thanks and appreciation for the many expressions of sympathy for us in our sorrow, for the beautiful flowers at the funeral and to Rev. I. V. Garrison and the ladies of the Baptist Church for consoling words and beautiful songs at the funeral service.

Gratefully yours,

**MRS. NUCKOLLS BURIED**

Funeral services were held for the late Mrs. Sophronia Nuckolls at ten o'clock Friday morning, May 19, 1939, the same being conducted at the Horger funeral home with interment following in the family plot in Oakwood cemetery.

Her pastor, Rev. W. S. Highsmith, conducted the service according to the comforting rites of the Methodist church, the church of which she had been a member since childhood. There was a profusion of beautiful flowers. The pallbearers were Ed Ney, D. H. Fly, J. G. Newton, A. G. Walker, C. W. Gilliam and C. J. Monkhouse.

Mrs. Nuckolls was born in Tennessee on November 15, 1843. She moved to Texas when 8 years old and lived many years near Oak Island. She was married to Thomas Kerr, who was a soldier in the Civil War received wounds from which he died. One child was born to this union. She is Mrs. Cora Lacy of Hondo.

Later she married L. W. Nuckolls who died about ten years ago. Two children were born to this union, Mrs. H. A. Neal, who lives in San Antonio, and Mary Downs who died several years ago. There are four grandchildren and seven great grandchildren surviving.

The deceased had reached the unusual age of 95 years, six months and two days. Her long life had spanned an era of marvelous change, but through it all she had been the patient and devoted wife and mother filling the niche life assigned her with that poise and composure that is possible alone when founded upon a trusting faith. After life's toil, struggles and heartaches she is blessed with a well earned rest.

**W. E. SMITH DEAD**

William Ellis Smith, 73, wholesale grocer, died in his home, 241 West Lynwood Avenue, Tuesday. He had lived here 36 years and was a member of Travis Park Methodist Church. He also had business interests in Seguin.

Funeral services were held here Tuesday afternoon, Bishop Arthur J. Moore and Dr. Albert P. Shirkey officiating and burial was in Seguin.

Survivors are the widow, Mrs. Berta Smith; a daughter, Mrs. Ella Mae Magavern, and a sister, Mrs. Robert Thomas, of Blue Springs, Missouri.—San Antonio Express.

The deceased was known to many Hondo people, having for a number of years owned the Hy. Rothe home- stead ranch, afterwards sold to the DePays, the present owners.

QUIHI NOTES

And Jacob beheld the countenance of Laban, and, behold, it was as toward him as before. Gen. 3: 2.

There you are. Semper liquid haeret, said the old Romans: I am deriding something always hangtight, makes an impression, turns a mind one way or another. Once von a time Laban was firmly convinced that he was blessed and enriched by the presence of Jacob on his state, and he would not hear abot; his leaving under any condition, though ordinarily ruling and decidin with a high hand and an imperioumien, a high hand and an imperioumien, he had stooped low and pleadid and begged Jacob to remain and mee his own terms as to wages. An then rolled in that pernicious wa of propaganda, started by the me of Laban, loud and open words of deriding, branding Jacob as a tef, a parasite and vampire, a fello that had been "giving an inch but ok an ell", that had been ridin the fath-er's prancing steed, that hacaten them out of house and hon, and that have you. Anything es if properly advertised. Of cose, a well-balanced, truth-loving, right-thinking individual will not beaught unawares, but will sift the nes and listen to both sides. But homvany do retain their balance and calm judgment when that wave rol over them, time and again, and fiers eyes and stomach, theirwhole heart, with the filthy brine? How often does that propaganda wk like that insidious sen-monster, theototus, that fastens its slimy teacles around the sailor's body with dead-ly grip and pulls him to the stom of the sea? Yes, even Laba who did know better fell a victimunder this vicious onslaught. —O age, excelling in many things, also excels in the art of lying. It seems have become a first class pastime. It has become an organized force, ith a systematic setup, clever agencies with a tested technique that sure of its tremendous possibilities, of sure results in business, polit, and public opinion. You may ha discovered the well-established rtine, the outlines of the program ofing. See whether we tally. Obsession shows that those "professional" run in this track: They have truth and untruth nicely garbled. Half-truths are more effective. Use play of striking catch words, bolterin up the scare-crow, time and againthus getting a reaction on the publie-ntions. They pick up a few spadic and isolated examples and thegen-eralize them, building up a case against whomever they wish tocast or assassinate. They carefullycon-veal their motives or their re-obj-ectives, but always appear a be working for the "common goodwith the "consensus omnium", rking you believe that everybody on their side, except the villainand rascals. They keep hammerin on the same item. A lie and the abile mind are malleable. They can be hammered into any shape, and e lie is still "the handle that fits very tool". Other requisites they ever fail to use: A conspicuous placard that who runs may read, everat a glance a bombastic voice thathat-ers, if possible, your persona; and a man or woman that made im-elves a name in some otherfield, say in astronomy, engineering or child labor, they are automati-ally capable to speak authoritative on any subject, of course; and th let them speak with the shining glole of dripping "sincerity", juling opinions, prejudice, antipathicand dislikes, yet making them pose in-contestable, sure-fire facts and re-sults of long and deep impari-research. And when, in the olddays of ancient Rome, all the argum-ents of the lie-campaign fell flat, the same "professionals" turned ose the alarming cry: Hannibal anto-ast! The enemy is at the tes, threatening invasion and murd. It worked well, whipping the moito line. It still works. —A chad countenance with Laban. I want the neck of the good relationshipas broken. Misery was in storefor Jacob. Those lies and pervers-ns still have the same effect. The ar-tenances of the nations, so-ded Christian nations, again ve changed. Misery is in store, e holding the mailed fist in the ce of the other. The war-dogs are constantly barking. The tax-pers are groaning under the burden ox-penses to keep up those countenes of distrust, fear and hatred. A false witness shall perish," with dupes and supporters. Well nht Jacob have prayed, and we withm him looking upon our times: e-iver my soul, O Lord, from hg-hips, and from a deceitful tong!

Mrs. Willie Schuehle is an inte of the Medina Hospital. A cat-cident that gave her a numbeof contusions and lacerations painl but not necessarily dangerous. ne car was crowded with other u-ns who fortunately escaped ty-ous injury. The collision, causey the reckless driving of a Mexica-ns we have it, damaged both cars n-derably. We wish a speedy re-very.

Also Mrs. John G. Bohlen has n- brought back to the hospital, r progress towards full strengths comes toward slow, though not alarm-er, and immediate and constant care-er medical supervision was deed advisable. May the Lord give r- patience and a cheerful heart fa his own resources.

TOMMY FINGER, WITH LAFAY- ETTE WHITE SOX, PITCHES TWO SHUTOUTS IN A WEEK

Baseball fans of this vicinity will be glad to hear that Thomas Finger, who joined the Lafayette, Louisiana, White Sox about two weeks ago, has to his credit two shutouts, thereby helping his team maintain first place in the Evangeline League. Manager Whitney of the White Sox was Tom- my's manager in Corpus Christi last season.

The following quotation is from the Lafayette "Daily Advertiser" of May 18:

"Tommy Finger, starting his first game at home, hurled the Whiteys to a well-pitched 3 to 0 shutout over the Abbeville Athletics here last night before a fair-sized gathering of fans. Finger, who was shelled at Abbeville last Friday night, was in

complete charge of the ball game ex- cepting in the seventh and eighth in- nings when the A's threatened, but the young southpaw, who won 22 games for Whitney last year at Corpus Christi, proved his mettle by emerging unscathed from these tight pinches.

"Finger allowed but six safeties, and struck out seven.

"Finger's peculiar side-arm deliv- eries, besides baffling the Athletics, proved to be an extra added treat for the fans, who continually cheer- ed the young southpaw throughout the game."

In another game early this week, Tommy again won a shutout victory, this time allowing only three hits.

ST. ANTHONY'S SCHOOL CLOSES

The Baccalaureate services for the members of the graduating class of St. Anthony's School were held in Holy Cross Church Sunday morn- ing, May 21, at 8:30 o'clock. The altars were beautifully decorated with white larkspur, while baskets of pink roses were placed about the sanctuary.

While a march was being played on the pipe organ, the members of the seventh grade, attired in white, entered singly. They were Jeanette Langfeld, Madeline Nester, Vivian Biry, Elizabeth Nehr, David Zins- meyer, and Miles Weynand. The High School Seniors wore maroon caps and gowns and entered in the following order: Mary Belle Carle, Geneva Turner, Antoinette Dubray, Louis Charles Richter, Joseph Martin Zinsmeyer, and Elmer Rohrbach.

Rev. Eugene Zuber read the High Mass, and after the reading of the Gospel, the baccalaureate sermon was preached by Rev. Evarist V. Foix, O. C. D., of the Little Flower Shrine in San Antonio. Using for his text the 22nd verse of the First Epistle of St. James, "Be ye doers of the word and not hearers only", Father Foix admonished the class to apply their education to their practical lives. He explained that for man, a spiritual being, an education in science does not suffice. He warned the young graduates of that continual trial which is life, and told how the application of religious training would make of them good citizens.

The entire student body sang the Catholic Action song, "For Christ the King" at the conclusion of the Mass, after which followed the rec- eSSIONAL.

Commencement Exercises

On Sunday evening, May 21, at 8 o'clock, the Parish Hall was the scene of the commencement exer- cises of the graduating class of St. Anthony's School. The stage was decorated in the class colors, maroon and gold, and the class flower.

A procession was played while the graduates entered, filing up the aisle in maroon caps and gowns to their places on the stage. A violin solo was rendered by Miss Ethel Rothe. Assisted by Mr. Ben Koch, Rev. E. Zuber awarded certificates to the Seventh Grade, and to those who had records of perfect attendance for the year; these were Joe Martin Zins- meyer, Elizabeth Franger, Mathilda Kimmerly, Kathleen Rohrbach, Je-rome Zinsmeyer, Vivian Biry, James Lutz, Herbert Zinsmeyer, Miles Wey- nand, Weldon Weynand, Louise Koch, Melba Rose Lutz, Louis Rich- ter, Bertha Koch, James Richter, and David Zinsmeyer.

The High School Chorus preceded the Salutatory by Mary Belle Carle, an essay on the class flower by Jo- seph Martin Zinsmeyer, and the class song by the Juniors and Seniors. Antoinette Dubray gave the valedictory, and Rev. Zuber then presented the high school diplomas.

Mr. Ben Schwegmann of San An- tonio delivered the commencement address, in which he combined words of praise and advice to the members of the class. He was followed by Father Zuber, who made the conclud- ing speech of the evening. The pro- gram ended with the recessional.

D'HANIS HIGH SCHOOL NEWS

Grammar School Program

On Wednesday evening, May 17, the pupils of the grammar grades ap- peared in two one-act operettas in the High School Auditorium. The Tonette Band played several num- bers between the two plays.

School Picnic

On Thursday morning, May 18, the teachers and pupils of the gram- mar school accompanied by Mr. John Batot, who drove the bus, left for an enjoyable day in Brackenridge Park, San Antonio. The children first made a complete survey of the Witte Mu- seum, before visiting other parts of the park. At noon they were joined by several parents. These were Mr. and Mrs. Wentz, Mrs. O. S. Secrist, and Mrs. A. J. Boog. Little Bobby Secrist was also a guest.

The High School teachers and pu- pils spent Saturday on an all-day pic- nic at Biediger's Grove in Castroville, where they enjoyed boating and swimming. Guests were Miss Ursie Lee Rock, Ferd Rock, Jacob Wey- nand, and Oscar Rohrbach.

Commencement Exercises

The closing of D'Hanis High School was marked by the Commencement Exercises which were held in the High School Auditorium on Friday evening, May 19, when diplomas were awarded to six gradu- ates, namely, Annie Schmidli, Mel- verda Poerner, Inez Huegele, Albert Weynand, Ruth Strawn, and Oliver Reinhart Jr.

The stage had been decorated with the class colors, blue and white, with flowers, and with ferns. Here the board of trustees, the superintendent, and the visiting speaker took their places, as did the graduates, in blue caps and gowns, after entering along the aisle to the strains of the processional. The salutatory was given by Melverda Poerner, and Su- perintendent Couser played a violin solo. The valedictory by Ruth Strawn was followed by Oliver Rein- hart's violin solo, which was Dancila "Air with Variation".

The speaker of the evening was Dr. J. Lloyd Read of Southwest Tex- as State Teachers College, San Mar- cos. In a brief but thoughtful ad- dress he told the young graduates that in the world they were entering there was no place awaiting them, that each would have to make his own job, and that because they had received more than the average from their elders, they ought now to give more in service to their com- munity and to society at large. In the world of today—mechanical giant and spiritual dwarf that it is— civilization will be saved only through a realization of the impor- tance of the spiritual factor in life. After a straightforward warning of the hardships ahead of them, Dr. Read concluded with a wish for the graduates in the words of an old teacher of his, "I hope you have a glorious hard time."

Mr. Paul Reinhart, president of the board of trustees, presented the diplomas to the members of the class of 1939, among whom was his grandson, Oliver Reinhart Jr.

Superintendent Couser presented the seventh grade certificates to the following: Florence Hamor, Minna Jane Nester, Claudia Ruth Love, Louis Schmidli, Otis Nester, F. E. Aten, and Willis Highsmith.

Medals for scholarship were awarded to Stella Nester and Thomas Victor Boog of the high school, and Louise Aten and George Moorman of the grammar school. Stella Nester received the medal for typing. Certificates for perfect at- tendance were awarded to Imogene Bendele, Lawrence Weynand, Inell Braden, Mamy Del Rieber, Kermit Wolff, and James Wolff.

The graduates' recessional con- cluded the exercises.

NOTE

The Parent-Teacher Association of the D'Hanis High School will hold a meeting next Wednesday, May 31st. All members will please notice.

ATTENDS DISTRICT MEETING OF STATE SOIL CONSERVATION ORGANIZATION

At a district meeting of the re- gional representatives of District No. 2 of the State Soil Conservation No. Horace Fawcett of Val Verde Coun- ty defeated G. Y. Lee of Concho County in the election of regional representative to the State soil board at Fort Stockton on May 22. Mr. August M. Nester of D'Hanis, a member of the Medina County soil conservation committee, represented Medina County. Forty-eight rep- resentatives of the 51 counties in the district were present.

Mr. Nester was accompanied by Judge Davis, Mr. M. B. Walcott and Mr. Neil Gillegan of Uvalde. They also visited the McDonald Observa- tory near Fort Davis.

WEYNAND-FEY

Miss Emilie Fey, daughter of Mr. and Mrs. Otto Fey of Selma, and Raymond Weynand, son of Mr. and Mrs. Wm. Weynand of D'Hanis, were married in the Selma Catholic Church on May 24, 1939, at 9 o'clock A. M. with Rev. Bruno Hubertus, cousin of the bride, officiating. The wedding marches were played by Mrs. Walter Fey.

The bride was given in marriage by her father and met at the altar by the bridegroom and his best man, Lawrence Rothe, of D'Hanis. Miss Marie Lessing of LaCoste was maid of honor and little Miss Etherine Dromberger, niece of the bride, was flower girl. Elroy Wenzel, a nephew of the bride, was ring bearer.

The ceremony was followed by a reception at the home of the bride's parents.

Mr. and Mrs. Weynand left later in the day for a wedding trip and up- on their return will make their home in San Antonio where Mr. Weynand holds a responsible position with the

San Antonio Paper Company as bookkeeper.

Among those attending the wed- ding ceremony were the bridegroom's parents, Mr. and Mrs. Wm. A. Wey- nand, his grandmother, Mrs. Theresa Weynand, his brothers, Ervin, Mel- vin and Albert Weynand, and his sis- ter, Miss Gladys, all from the Seco.

This paper joins in congratulations and best wishes to the young couple.

PERSONAL APPEARANCE

No one enjoyed the dancing party at Lacy's Saturday night more than the four hostesses... JUDY LACY, MARGARET ANN KNOPP, MARY ANN NOONAN and MARY LOUISE HAEGELIN... who hated to see the last guest leave at 2 A. M.

At the same affair, the LACY TWIN—it could have been ARTHUR but maybe it was ALBERT—who before the guests gathered threaten- ed to chase 'em all off with a shot- gun by 10:30 P. M. was still going strong and having a gay time at 2 A. M. while his image, who had planned a gala evening, was ready to say "calf rope" several hours earlier.

MRS. HENRY MERRIMAN, who has been playing the music machine for quite a number of high school dances lately, is quite an authority on the best orchestras, and can guess accurately what couples are dancing together by the records they choose.

MRS. JOE BURGIN just knows she and MR. BURGIN won't go any- where for a long time, they stayed out so late the other night at the Lacy dance.

MRS. BARNITZ CARLE is very excited over the forthcoming trip to California with the L. E. KOLL- MANS.

Senior commencement this year will go down in the history of Hondo High School as the first where the graduates—almost unanimously— wept tears of sorrow at parting... and we think J. G. BARRY started it by stating that this class had been the first grade when he started in the first year as superintendent of Hondo High School and sort of raised 'em up.

The ROBERT ZUBERBUELERS are mighty proud of the baby boy with his mop of black hair, but it is rumored that GRANDPA JOHN ZUBERBUELER is the proudest.

"COWBOY" HENRY CASE TO HONDO

Claude (Cowboy) Henry, who was convicted of the murder of Arthur Sinclair, special policeman, by a Bexar County jury which fixed his penalty at 50 years and who later won a reversal of the decision, will be tried again this summer by a jury at Hondo, Medina County, Criminal District Judge W. W. McCrory ruled Monday.

Judge McCrory granted the change of venue upon the motion of Defense Attorney Dave Watson, who contended an impartial jury could not be obtained in Bexar County because the case of the defendant was made part of the issues in the last July Democratic primary election campaign.

Watson asked the case be sent to Floresville for trial. This was op- posed by Assistant District Attorney L. J. Gittinger, who wanted the case to be tried in New Braunfels. After much argument Judge McCrory sent the matter to Medina County.

The slaying of the special officer took place Nov. 16, 1937, and the defendant was convicted of the of- fense Jan. 29, 1938. He immediately appealed the case and the court of criminal appeals reversed the find- ing of the jury and remanded the case back to Bexar County for trial. It was during the period of the pend- ing appeal that District Attorney John R. Shook injected the Henry case into his campaign issues.—Tues- day's Express.

BIG TIME AT QUIHI GUN CLUB SUNDAY

Arrangements for the big annual Pentecost barbecue, Prize Shooting Match and big dance at the Quihi Gun Club grounds and hall are be- ing rounded out for this Sunday, May 28th. Besides the regular en- tertainment features, there will be a unique ceremony in the afternoon which will interest many visitors.

Since the organization of the Club in 1889, fifty years ago, there have been 15 Presidents of the club, the present one being Joe H. Steinkle who succeeded the late Wm. Reitzer. En- larged photographs of these fifteen Presidents will be hung on perma- nent display on the walls of the Club hall with appropriate ceremony some time in the afternoon.

There will be a double-head base- ball game in the afternoon.

The club is arranging to entertain a large number of members and vis- itors.

INFANT DIES

The six-months-old son of Mr. and Mrs. Fritz Balzen died about 6:30 P. M. Thursday, following several days illness. The baby's name was Russell Fritz. In addition to his parents, the infant is survive- ed by several brothers and sisters. Fu- neral arrangements are pending.

Heartfelt sympathy is extended to the grief-stricken parents on the sad loss of their beloved baby.

CARD OF THANKS

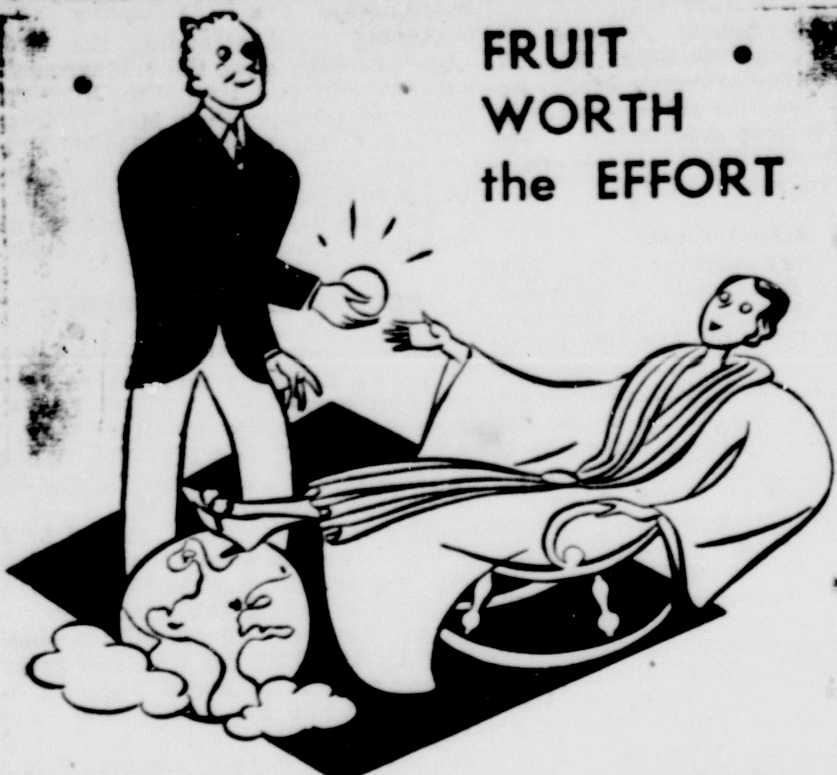

We wish to hereby express our heartfelt thanks to all our relatives and friends in Medina County who attended the funeral of our beloved husband and father, the late Albert Orth, in San Antonio last week and for the beautiful floral offerings.

Yours in sorrow,

MRS. ALBERT ORTH, And Son, CLARENCE.

Mr. and Mrs. Gus Langner and children and Mr. and Mrs. Fred Meyer of Barksdale spent Sunday here as guests of Mr. and Mrs. C. F. Meyer.

## FRUIT WORTH the EFFORT

O. HENRY'S story about the effort it cost a young man to grant his bride's request for a peach, reminds us that brides are fickle—but also, if we are peach-lovers, we have a feeling that the peach was worth the effort.

Remember the story? "The bride sat in the rocker with her feet resting upon the world," O. Henry tells us. "She was wrapt in rosy dreams and a kimono of the same hue."

"Precious," she said, with an air of Cleopatra asking Antony for Rome done up in tissue paper and delivered at residence. "I think I would like a peach."

"Kid McGarry arose and put on his coat and hat. 'Alright, I'll step down and cop one for you—see?'"

The story continues with Kid McGarry's calling out the police force to raid Denver Dick's luxurious gambling house in order that he might procure one last, lone out-of-season peach which the place afforded, and incidentally emerging with a bruise that looked as if he had fallen off the Flatiron Building twice. And then:

"The bride waited in the rosy glow of the pink lamp shade. . . . And now he stood by her chair and laid the peach in her hand. "'Naughty boy!' she said, fondly. 'Did I say a peach? I think I would rather have had an orange!'"

The story might have the ill effect of reminding other brides how good peaches are when they are out-of-season, if it were not for the fact that brides of today know how good canned peaches are. They also know a variety of ways to use them. Here are a few garnered from a bride's scrapbook:

**Peach and Raisin Pie:** Turn one cup of canned sliced peaches and one-fourth cup of raisins into a sauce pan, add one tablespoon

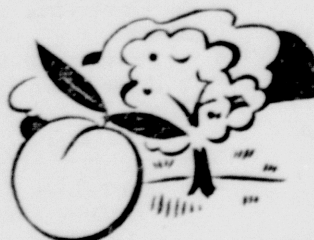

sugar and one-half tablespoon flour mixed. Then add one teaspoon lemon juice, and simmer for five minutes. Line a pie tin, one-half the usual size, with plain pastry. Pour in the peach mixture, dot with butter and cross the top with narrow, twisted strips of pastry. Bake in a hot oven, 450 degrees, for twenty-five to thirty minutes. This serves four persons.

**Peach and Cottage Cheese Salad:** Arrange the required number of individual lettuce nests on a large salad plate. In each nest place a well-chilled canned peach half with the cut side up. Pile cottage cheese lightly in the center of each peach and garnish with Maraschino cherries and mayonnaise.

**Peach and Apricot Filling (for cream puffs or cakes):** Whip one cup cream and add six tablespoons confectioner's sugar. Add one-half cup canned peaches, one-half cup canned apricots which have been cut in fine pieces and well-drained, and one-half cup halved candied cherries. Use as a filling.

**Peach Roll:** Make a baking-powder biscuit dough out of one and one-half cups flour sifted with three teaspoons baking-powder and one-half teaspoon salt, three tablespoons shortening and three-fourths cup milk. Roll into an oblong shape. Drain peaches from a No. 2½ can well, and place in the center, reserving two peach halves for the sauce. Roll up the dough, pinching the ends and sides carefully. Steam one hour and serve with the following

**Sauce:** To the peach syrup from the No. 2½ can of peaches, add the two peach halves pressed through a sieve. Then add one tablespoon sugar which has been mixed with one teaspoon flour. Cook until somewhat thickened. Flavor and use over the roll. This serves six persons.

"DILAPIDATED" derives from "lapis," the Latin word for stone. One explanation of its derivation is that in Roman and pre-Roman times stoning to death was a frequent form of punishment. To us it seems a barbarous practice, but undoubtedly when an unfortunate victim was stoned to death, he was completely "dilapidated."

The use of the expression "old adage" is what grammarians describe as tautology. "Adage" by itself means an old and long accepted saying. The "old" is, therefore, unnecessary and hence tautological. "Turbulent mob" is another example of the same thing, for the word "mob" itself means a turbulent crowd or assembly.

## TWO MILES OF AMUSEMENT FOR NEW YORK FAIR

NEW YORK—The largest amusement park in the world, with every conceivable safe and respectable entertainment device and show, will be a part of the New York World's Fair exposition. The 280-acre amusement

zone is shown above in an artist's sketch made from the architects' plans. It will form a two-mile loop. So modern is the type of construction that the drawing looks "futuristic."

## Homemakers' Exchange

of Helpful Household Hints and Recipes

Conducted by ELEANOR HOWE

Instead of using a grater to grate fresh soft cheese, force it through an easy-to-clean strainer made of sturdy wire with about a ¼ inch mesh.

For a new and delicious "something to serve," try rolling doughnuts, while they are still hot, in a mixture of powdered maple sugar and cinnamon.

Here's an inexpensive substitute for crisp celery. Slice succulent young carrots into thin slivers and serve them on a bed of crushed or shaved ice. This is one of the niceties of table service that has been revived; and with a modern ice refrigerator the homemaker can always have plenty of crystal-clear ice on hand to use for such purposes.

When washing windows, use a 10c plate scraper, with the sides cut so they are straight. You will find the straight edges of the scraper a tremendous help in getting dust and dirt out of window corners.

**CINNAMON ICE REFRIGERATOR COOKIES:** Cream ½ cup butter and add 1½ cups light brown sugar gradually. Beat well. Add 2 eggs (well-beaten) and 1 teaspoon vanilla extract. Mix well. Sift 2 cups bread flour, 2 teaspoons baking powder, and 1 teaspoon cinnamon and add to first mixture. Add ½ cup dates and ½ cup broken nut meats, slightly floured. Make into rolls approximately 1½ inches in diameter, roll in wax paper, and chill in modern ice refrigerator. When ready to bake the cookies, slice off the number needed and return the remainder to ice refrigerator, where the dough will keep fresh. These wonderful new ice refrigerators provide moisture

which prevents rapid drying out of foods, and they provide circulating air which eliminates mingling of food flavors. When ready to bake these Cinnamon Ice Refrigerator Cookies place the slices on a greased baking sheet and bake in a hot oven (450°) approximately 10 minutes.

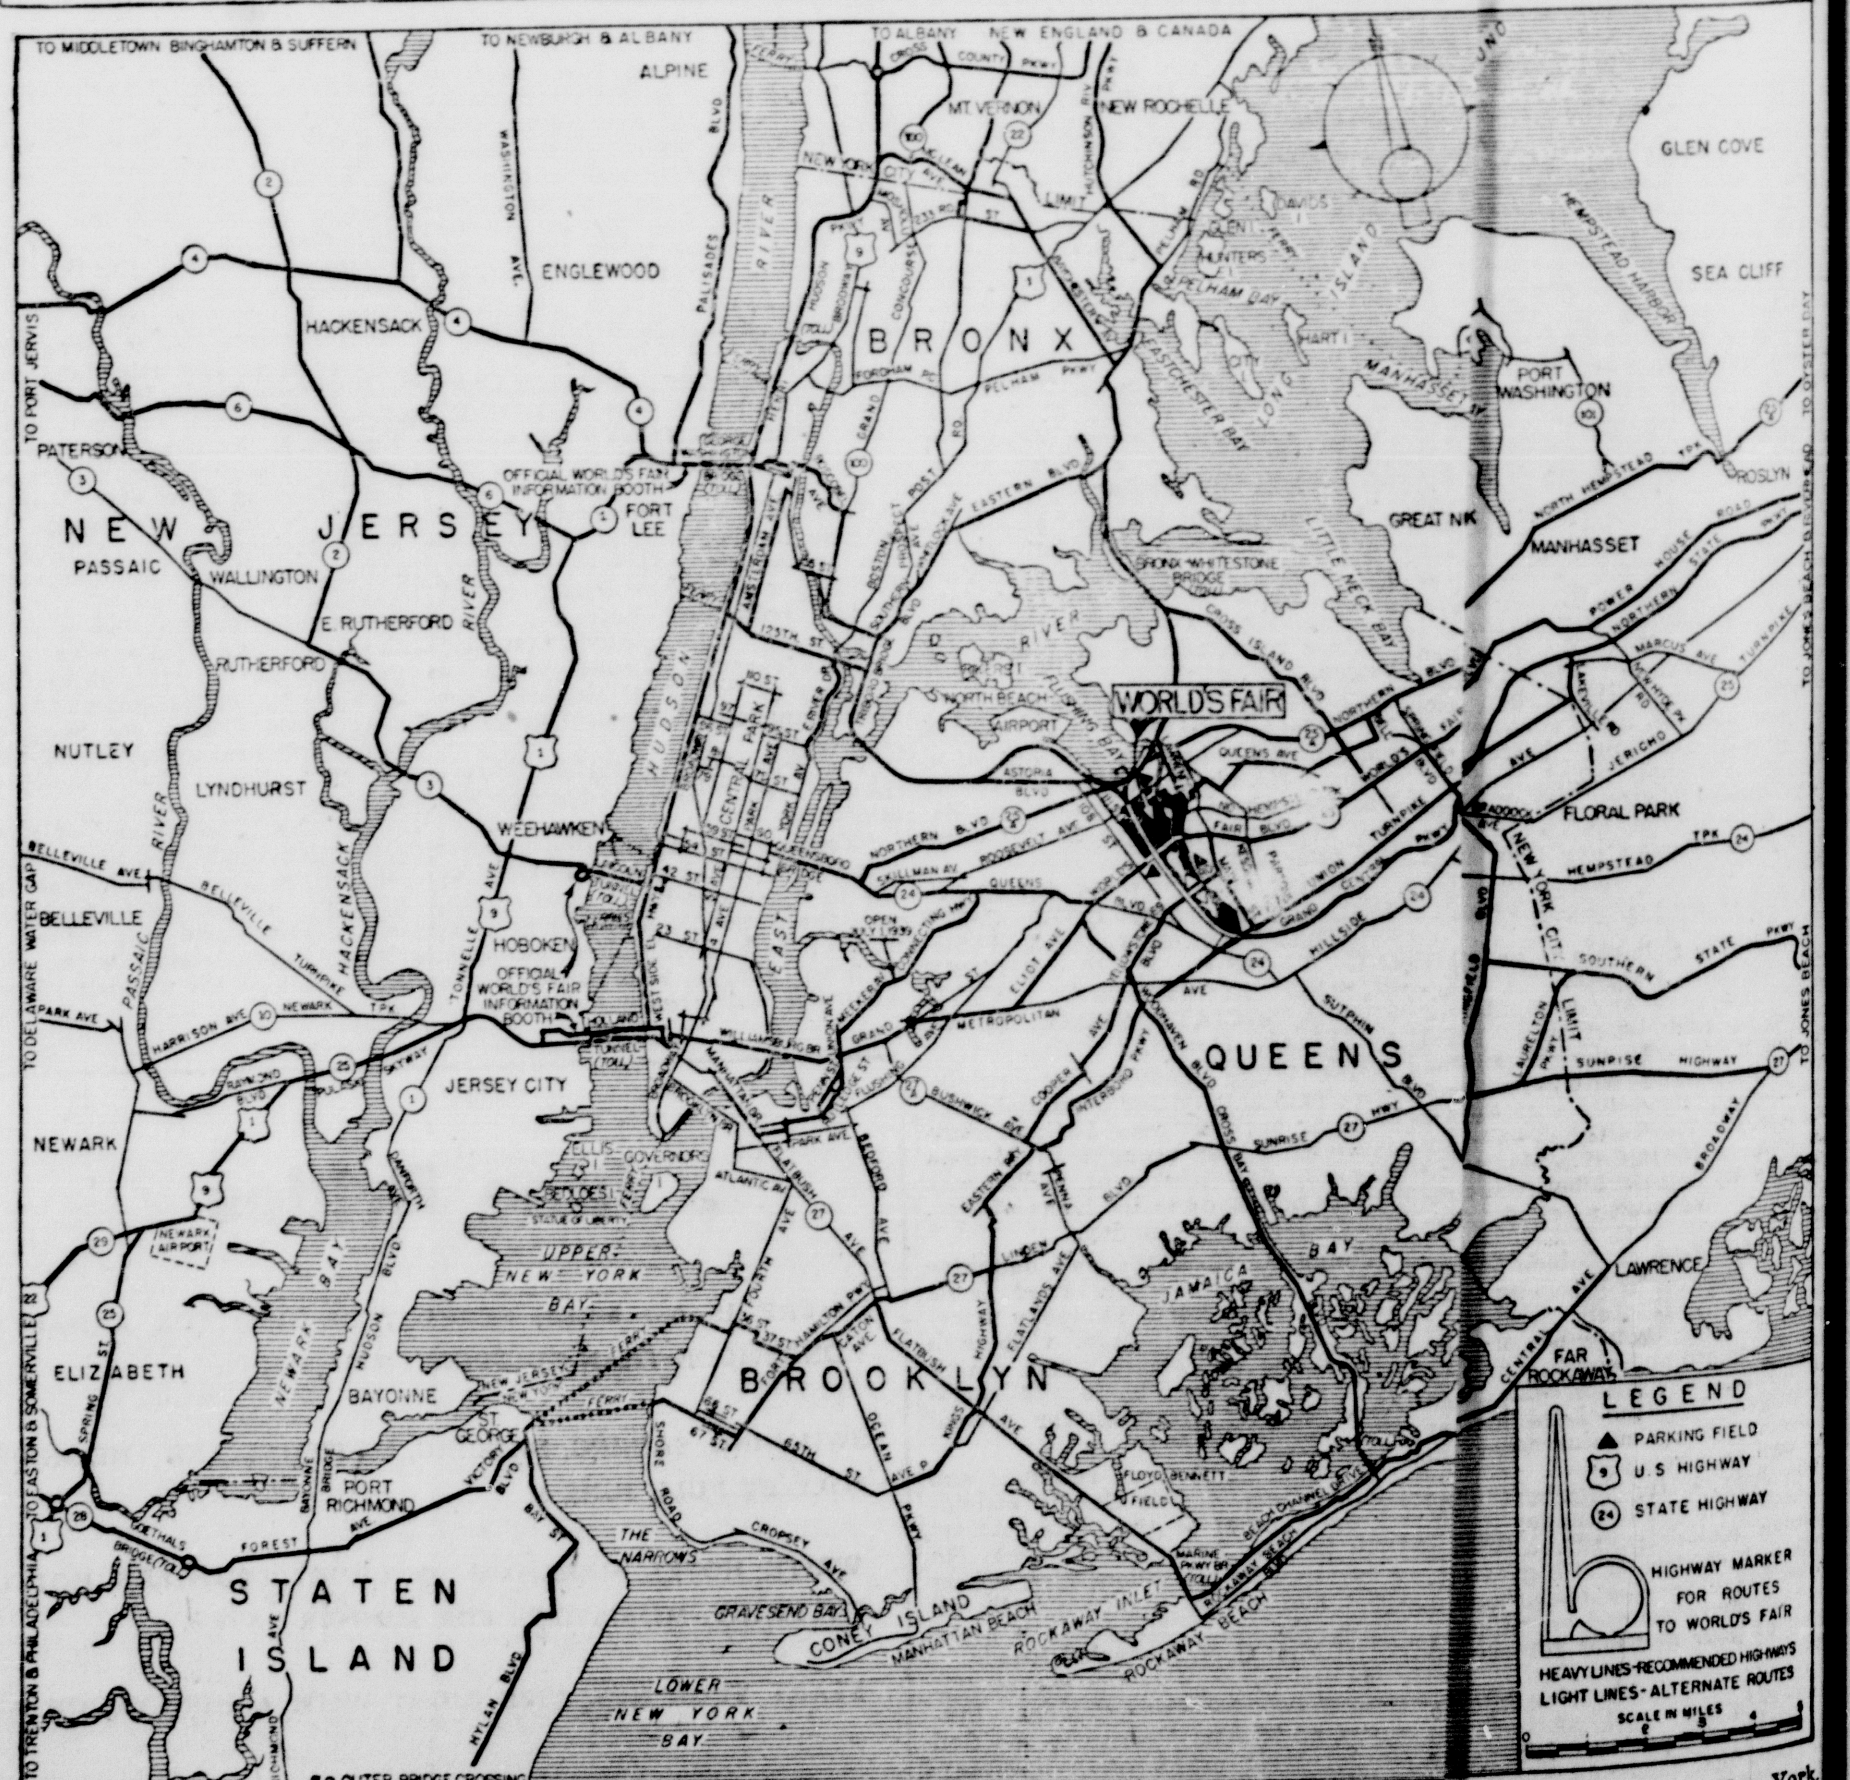

To save yourself steps between range and kitchen table, just screw common casters on the legs of your kitchen table. You can then roll the table wherever you wish and save yourself steps and energy.

**A VELVETY CHOCOLATE MOUSSE** made in a modern still-freezer: Place 2 squares unsweetened chocolate, ¼ cup strong coffee infusion, ¼ cup top milk, ¼ cup sugar, and ½ teaspoon cinnamon in top of double boiler. Cook until chocolate is dissolved. Cool and add 1 teaspoon vanilla extract and ½ teaspoon salt. Fold in 1 pint whipped cream. Pour mixture into freezing container of still ice-cream freezer. Cover and surround with a mixture of chipped ice and salt (3 parts ice to 1 part salt, by volume.) Cover freezer. Place in modern ice refrigerator. Freeze for 1 hour. This recipe will produce a smooth crystal-free product due to the fast freezing made possible by the ice and salt mixture.

To intrigue the kiddies with a tempting, unusual salad, take hard-cooked eggs while they are still warm and carefully manipulate them into the shape of an apple; press down at stem and blossom ends. Then insert a clove for the blossom and a sprig of parsley for the stem. With a small brush color the egg carefully with food coloring to resemble an apple. Serve on lettuce with mayonnaise.

## Official Routes to The New York Worlds Fair

NEW YORK—Approved recently by Mayor F. H. La Guardia of New York City and Grover A. Whalen, President of the New York World's Fair, this map is designed to be of especial use to those motoring to the exposition. A comprehensive system of handling Fair traffic has been developed. Information booths will be found at bridge and tunnel approaches to New York. According to Mr. Whalen, out-of-town motorists will be able to thread their way through the city to the Fair grounds "as easily as they now go from home down to Main Street."

QUIHI-NEW FOUNTAIN HOME  
DEMONSTRATION CLUB

The Quihi-New Fountain Home Demonstration Club met in the home of Mrs. Otto Sittre Thursday afternoon, May 11, at which time Miss Nell Foley gave a very interesting lecture and demonstration on Quality Guides in Buying.

As an aid to consumers in judging quality of materials, some manufacturers are putting informative labels on their goods. Sheeting and pillow case labels should give thread count, tensile strength (breaking strength), weight, and amount of sizing. It should also give the length and width and tell whether it is a "first" or a "second".

The thread count of fabrics is the number of yarns per inch, both lengthwise (warp) and crosswise (filling). Low thread count is often the reason behind low price and short wear. Sheets with thread count below 60 are generally coarse and sleazy. A durable sheet should have a thread count ranging from 66 to 76 each way.

Sizing is the starch and other materials used in manufacture to give a sheeting a smooth finish. The quantity may vary from less than 1 percent in good quality sheets to 20 or 30 percent in those of low quality. For general household use, sheets 99 or 108 inches long (torn length) are the most satisfactory.

Samples of different dress fabrics were shown to the club members, and each member asked to read the labels and examine the samples of cotton, linen rayon, silk and wool materials.

"Hosiery looks so much alike that only by a knowledge of the hidden points can real quality be determined," Miss Foley suggested that the consumer learn the difference between full fashioned hosiery and seamless or circular knit hosiery, also the quality of the fiber, the size or ply, the twist of the yarn, and the gauges in women's full fashioned hose are 39, 42, 45, 48, 51, 54, 57 and 60. The higher the gauge the finer the texture of the stocking.

After the demonstration Mrs. Sittre served strawberry ice cream and cake to the club members and Miss Foley.

## SCHOOL HOUSE BURNED

Charles Britsch was down from the Middle Verde section of Bandera County Tuesday and informed us that the Middle Verde school house was destroyed by fire of unknown origin on the night of May 18th. The fire was discovered about 9 o'clock, but the flames had attained such headway as to be uncontrollable and the building and contents were entirely destroyed. There was no insurance and the loss is complete.

The trustees are busy themselves at once to rebuild and are giving a benefit barbecue and picnic at the Dixie Dude Ranch on Middle Verde next Sunday. See their invitation elsewhere in this paper to come and help them.

protect your life and the lives of your family by equipping your car with a set of new Firestone Champion Tires. Compare this amazing tire with any other tire on the market in safety, in value, in price! Then you'll know why car owners everywhere acclaim it the sensation of 1939. And you'll realize why motor car manufacturers enthusiastically adopted it for their 1939 models. Only in the new Firestone Champion Tire do you get these patented and exclusive construction features:

✓ **Safety-Lock Cord Body** is made by more tightly twisting together the fibers in each cord providing far greater strength—and greater strength means greater safety.

Another exclusive Firestone safety feature.

✓ **Gum-Dipping**, a new and advanced Firestone process, safety-locks the fibers, cords and plies together, counteracts internal friction and heat and gives greater protection against blowouts.

Another exclusive Firestone safety feature.

✓ **Two Extra Layers of Safety-Lock Cords Under the Tread** provide greater protection against punctures and more securely lock the Gear-Grip tread to the Safety-Lock cord body.

Another exclusive Firestone safety feature.

✓ **Gear-Grip Tread** has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to prevent skidding. It is so deep, so tough, so long-wearing that it is setting sensational new non-skid mileage records.

Another exclusive Firestone safety feature.

✓ **Safety-Proved on the Speedway for Your Protection on the Highway**—Firestone Gum-Dipped Tires hold all the outstanding records for safety, speed, mileage and endurance. In fact, for 19 consecutive years, Firestone Tires have been on all the winning cars in the annual 500-mile Indianapolis Race.

Another exclusive Firestone safety feature.

✓ **Price**—All of these extra advantages are yours at a price no more than you would pay for an ordinary tire and Firestone Champion Tires are backed by the Firestone Lifetime Guarantee—no time or mileage limit.

Another exclusive Firestone economy feature.

lion dollars more for the WPA. The  
request comes at a time when the  
WPA is being investigated by a spe-  
cial committee of the House of Rep-  
resentatives.

Also, the request was almost sim-  
ultaneous with several startling re-  
velations before the investigating  
committee. One was that the WPA  
had spent approximately twice as  
much to construct a building at the  
New York World's Fair as it would  
have cost had it been constructed by  
any other government department  
or by a private contractor.

Another revelation was that the  
WPA had spent a considerable sum  
to publish a voluminous book of nude  
photographs. And for what purpose?  
The only explanation offered was  
that it was for use of artists!

And, more important, was the dis-  
covery that a Communist organiza-  
tion had been directing the activities  
of many thousand WPA workers and  
had been an influence in determining  
the amount of money needed for  
WPA programs.

It seems only reasonable now for  
the public to ask Congress to think  
twice, and certainly to wait until all  
the facts have been uncovered by  
the investigating committee, before  
granting this latest request for addi-  
tional WPA millions.

Congress should know for just  
what it is appropriating the money  
of the taxpayers.

Washington, so the tourists say, is  
never remembered for its restau-  
rants. In fact, the lack of good eat-  
ing establishments in the Capital City  
is the subject of much "beefing" by  
most Washingtonians.

Nevertheless, the natives are eat-  
ing their beefsteaks with more than  
usual vigor these days and the argu-  
ment now is not over the quality of  
the restaurant, but over the quality  
of the beef.

Cause of it all is an argument be-  
tween the President, the Navy De-  
partment and Congress over the re-  
lative merits of American grown beef-  
steaks, and the beef shipped in from  
the Argentine.

The President contends in an offi-  
cial statement that Argentine beef is  
cheaper and better. So strong does  
the Chief Executive feel about the  
superiority of foreign beefsteaks that  
he has ordered the Navy Department  
to buy Argentine beef for the sailors.  
Congress recently felt just as strong-  
ly against Argentine beef and wrote  
into the Navy Department appropria-  
tion bill a stipulation prohibiting  
purchase of anything but American  
beef.

About 48,000 pounds of beef are  
involved in the official dispute. And  
the saving that would be effected by  
purchasing the South American prod-  
uct would amount to less than \$4,-  
000.

The whole argument has most  
Capital observers puzzled.

They are asking just what kind of  
economics the government is prac-  
ticing when it curtails American  
farm crops in order to boost prices,  
fixes arbitrarily wage rates and work  
hours, adds new taxes that further  
raise prices, and then refuses to buy  
American goods because the price is  
too high. They can't understand,  
either, why the government should  
bring the wrath of American cattle  
raisers and processors down on offi-  
cial heads to save a few dollars, and  
at the same time think nothing of  
pouring millions into economic theo-  
ries, schemes, experiments and proj-  
ects.

—WSS—

Unbalanced budgets are no longer  
a novelty around Washington. Yet  
there was a novel story out of the  
Capital recently about two family  
budgets that were not on an even  
keel.

What made it a novel story was  
that the Monopoly Investigating  
Committee, interesting itself in bal-  
ances and budgets, called two house-  
wives all the way to Washington to  
explain the discomforts of unbalanc-  
ed budgets.

harried officials at the Treasury De-  
partment, only a mile away, who  
would have made excellent witnesses  
on the subject.

—WSS—

All is confusion—A prominent  
Washington correspondent, weary of  
trying to keep up with the changing  
picture of policies, politics, and pur-  
poses, recently began his weekly  
roundup of the Washington scene  
thus:

"If you feel confused over what  
Washington policies really are, you

may be consoled by the fact that  
Washington policies really are con-  
fused."

—WSS—

The debate over amending the Na-  
tional Labor Relations Act falls into  
that category of confusion. Only one  
thing seems certain—that Congress  
wants to amend the Act and the Ad-  
ministration does not want it amend-  
ed.

But Congress is confused because  
there seems to be some doubt about  
the best way of amending the Act.  
The Congress knows that the public  
wants the Act changed and it knows  
the Act must be changed before  
there can be real industrial peace of  
mind and recovery. How is the ques-  
tion.

The confusion of the Administra-  
tion comes, apparently, because  
there is doubt among its planners as  
to the best way of heading off any  
amendment of the Act.

—WSS—

Any farmer who is trying to eat  
his cake and have it, too, by accept-  
ing "plow under" payments from the  
Government and growing his crops  
just the same, had better take good  
notice.

The Agricultural Adjustment Ad-  
ministration has just decided to  
spend another half million dollars  
checking up on any such goings on.

About 200,000 more square miles  
of farm land is soon to be photo-  
graphed by the Government from the  
air. That is how the check up is  
made.

—WSS—

**TELEVISION SIDLIGHT:** Word  
reaches Washington that even before  
the television industry is born, four  
rival labor unions are fighting in  
New York over which shall control  
it!

—WSS—

The recent visit of Mrs. Benjamin  
Harrison, widow of the twenty-third  
president of the United States, to  
the nation's capital, sent observers  
here scurrying to their history books  
for information. This is what they  
found concerning President Harri-  
son's record:

"His administration was marked  
by a revival of American industries  
and a reduction of the public debt,  
and at its conclusion the country  
was left in a condition of prosperity  
and on friendly terms with foreign  
nations."

All of which makes pleasant but  
unfamiliar reading!

**"NOBODY'S BUSINESS."**

By  
Julian Capers, Jr.

The opinions here expressed are  
the author's own and not neces-  
sarily those of this paper.—M. E.

AUSTIN, May 22.—Somebody  
must have told the Texas Legislature  
about the veteran congressman who  
remained in Congress 30 years by  
"always voting for every appropria-  
tion bill, and against every tax bill".  
The Senate, insisting upon a sales  
tax constitutional amendment, has  
blocked the passage of any revenue  
measure for more than four months.

This weekend, with a consistency  
marked as that of the Congressmen,  
it adopted a conference report on a  
bill by Doss Hardin, liberalizing pen-  
sions to such an extent that it is es-  
timated it will put 100,000 additional  
pensioners on the roll, and bar vir-  
tually nobody but that famous  
"toothless old millionaire, eating his  
crackers and milk", so often referred  
to during the last state campaign—  
if there be such a millionaire resi-  
dent in Texas.

**Gates Wide Open**

The liberalization bill would re-  
move the ability of children as a fac-  
tor in considering need of the aged;  
it would permit ownership of a  
homestead, up to 200 acres of  
ground, with a residence the cost of  
which may be unlimited; it would  
permit ownership of personal prop-  
erty up to \$1500 if married, or  
\$1,000 if single, and \$350 in cash.  
If the bill adds 100,000 oldsters to  
the rolls, as some experts estimated,  
it would require an additional \$18,-  
000,000 for the state to furnish \$15  
a month each to the new pensioners  
alone, plus about \$10,000,000 addi-  
tional to bring the State contribution  
up to \$15 for those already on the  
rolls, numbering about 115,000 and  
receiving about \$13.25 each, includ-  
ing both State and Federal funds. If  
signed by the Governor, many legis-  
lators believe the liberalized law  
would result immediately in suspen-  
sion of Federal pension grants,  
dumping the entire cost upon the  
backs of the State taxpayers. To  
provide \$15 a month each from State  
funds to 215,000 oldsters will re-  
quire nearly \$40,000,000. The  
State now contributes about \$10,-  
000,000 and the Federal government  
the same amount. Most observers  
here believe the Governor, more sen-  
sitive perhaps than the Legislature  
to political effects, will sign the "lib-  
eralized" pension bill.

**Tax Stalemate Continues**

Meanwhile, the week was to see  
some action in the House on an om-  
nibus tax bill, estimated to raise  
\$20,000,000 for pensions and other  
social security measures. The bill  
would increase natural resources tax-  
es and includes sales taxes on many  
so-called luxury items, including util-  
ity bills (tax to be paid by the con-  
sumer), automobiles, inheritance  
and franchise taxes, an additional  
cent on cigarettes, and increases on  
admissions to amusements.

When the Legislature will adjourn  
has become problematical, with no-  
body offering anything more than a  
guess. The House rejected a sine die  
adjournment resolution for June 4.  
Lt. Gov. Coke Stevenson guesses the  
session will last at least until June  
15. The situation has been compli-  
cated further by the political cow-  
ardice of the Senate, many of whose  
members pledged themselves to sup-  
port a price-fixing "fair trades" act  
last summer, and now are opposed

to it, since they have found it is an  
effort by Eastern manufacturers to  
fix prices in Texas on certain mer-  
chandise. Instead of killing the  
measure, as a large majority would  
like to do, the Senators have avoided  
a record vote by filibustering for  
weeks, blocking much meritorious  
legislation behind the fair trades bill  
on the Senate calendar, and refusing  
to let the latter bill come up for a  
vote, as it might put them on a spot  
politically, to vote their real convic-  
tions upon it.

With the passage of bills remitting  
taxes to Harris county, the richest  
and most populous in the State, and  
to a group of seven other East Texas  
counties part of whose lands have  
been taken over by the Federal gov-  
ernment for reforestation, the State  
financial situation became increas-  
ingly worse this week. The deficit  
jumped half a million dollars, nearly  
touching the \$18,000,000 mark  
again, and the outlook for revenue is  
uncertain.

**A Happy Ending**

Senate confirmation, without a  
dissenting vote, of Judge Brady Gen-  
try, of Tyler, as Chairman of the  
State Highway Commission, ended a  
four month battle between the Gov-  
ernor and the Senate over the post,  
which saw two other nominees re-  
jected and one withdraw to avoid re-  
jection.

Judge Gentry, active advocate of  
good roads, three times County  
Judge of Smith County, runner up  
in a race for Congress in East Texas  
last summer, was sworn in promptly,  
and inaugurated his service by pre-  
siding at the monthly highway hear-  
ing and contract letting in Austin  
this week. Good roads advocates,  
legislators, road contractors, county  
officials and others who deal with  
the Highway Commission expressed  
themselves as well-pleased with Gen-  
try's selection, and predicted for him  
a continuation of the admirable re-  
cord which has been made by the  
various highway commissioners since  
Dan Moody reorganized the Commis-  
sion. Gentry's confirmation marked  
the passing from official life of John  
Wood, able East Texas representa-  
tive on the Commission, who has  
been serving as a holdover during  
the battle over O'Daniel's various  
nominations.

**Notes**

Passage over the governor's veto  
will be sought by Sen. Penrose Met-  
calfe of the bill offering free tuition  
to 100 Latin American students in  
Texas universities, passed by both  
houses as a good will gesture, and  
killed by the governor, because, he  
said, the State couldn't afford it. . .  
Reps. Alvin Allison of Levelland, and  
Cecil Rhodes of Hearne, will make a  
visit to Mexico City, soon after ad-  
journing, bearing credentials from  
O'Daniel as "Good Will Envoys" from  
Texas. . . Maury Maverick, fiery  
ex-congressman and new mayor of  
San Antonio, attacked John Garner  
and "lobbyists" he claims are sup-  
porting him for President, in a  
speech before Austin Young Democ-  
rats. The State Convention of  
Young Democrats at Dallas pulled  
down a constitutional amendment  
that would have permitted them to  
endorse Garner, on the advice of  
Garner leaders who feared it might  
be interpreted as a slap at Roose-  
velt. . . Mayor Tim Miller, of Aus-  
tin, fond of being called a "liberal" is  
under fire from Austin weekly  
papers for passage of a city ordi-  
nance that would force the papers to  
take out permits from the Austin  
city manager, who could refuse per-  
mits at his discretion, before they  
can solicit advertising. Two weeklies  
have announced they will defy the  
order, and Miller has asked Attorney  
General Gerald Mann for an opinion  
on its legality.

**SAN ANTONIO LIVESTOCK  
MARKET**

Monday, May 22, 1939

(Federal-State Market News Service)

San Antonio, Texas, May 22.—  
Hogs: Estimated salable and total  
receipts 800. Market active, steady  
with last week's close. Top \$6.50  
paid for most good and choice 170  
to 250 lb. weights, 160 to 170 lbs.  
\$6.40 to \$6.50, 140 to 160 lbs. \$6.20  
to \$6.40, and 250 to 300 lbs. \$6.20  
to \$6.50. Packing sows unchanged at  
\$5.50 down. Feeder pigs at \$5.00 to  
\$5.25.

**CATTLE:** Estimated salable and  
total receipts 1100; CALVES, 1800.  
Despite liberal receipts, the cattle  
market was fairly active on a gener-  
ally steady basis as compared with  
last week. Cattle receipts consisted  
largely of medium and lower grades  
of cows, while stockers made up the  
bulk of the calf supply. The supply  
of mature steers was confined to a  
few lots and odd heads of weighty  
kinds in thin flesh, selling from \$5.00  
to \$6.00, with a few at \$6.50 to \$7.-  
00. The top of the market on  
slaughter cattle was \$10.00, paid for  
a small lot of strictly good 564 lb.  
yearling steers. The yearling supply  
was very limited, and confined largely  
to medium and lower grades, sell-  
ing largely from \$6.00 to \$8.00.  
Most medium to good kinds were  
quotation steady at \$8.50 to \$9.50.  
Plain and medium grade cows were  
steady at \$4.50 to \$5.75, including  
several lots at \$5.00, \$5.50 and \$5.60.  
Cutters and low cutters were also un-  
changed from last week at \$3.25 to  
\$4.50. Very few good cows were on  
sale, odd head bringing \$6.00 and  
above. Bulls were steady, most sales  
ranging from \$5.00 to \$6.00, with  
thin light kinds down to \$4.50.

Slaughter calves were steady to  
strong, some sales of odd head of  
better kinds selling fully 25c higher,  
up to \$9.50, but the bulk of sales  
was from \$7.00 to \$8.75. Better  
grades sold from \$7.50 to \$9.00, with  
lower grades barely steady at \$5.00  
to \$7.00. Demand for stocker calves  
was fair considering the liberal sup-  
plies, several lots of light stocker

## AGRICULTURE STUDENTS VISIT POULTRY FARM

The Hondo Vocational Agriculture Classes made their last Field Trip Monday morning to Mumme's Poultry Farm to observe the methods that he uses in caring for his poultry.

Mr. Mumme showed the boys around his farm explaining the different flocks and the different houses that were seen. He has about 3,000 pullets for future egg production. He also has about 750 baby chicks for fryer production and about 500 hens that are laying about 250 eggs a day.

Mr. Mumme mixes his own feeds and raises all of it that he can. He gave the boys a few pointers on mixing feeds such as putting salt and dried milk in the ration. He also uses cod liver oil for his chicks.

His more recent houses are of tile and tin and several of them are portable. The tile houses are for chicks and lumber and tin for hens and fryers.

## FIRST YEAR HOMEMAKERS MEET

The first year Hondo Future Homemakers of Texas held their regular meeting Tuesday, May 9. The roll call was "Appropriate Foods for a Summer Luncheon", which was answered by each girl making a menu of foods appropriate for that special occasion. The leader was Glenrose Brucks and Geraline Stiegler gave a talk on "A Cold Lunch", which was followed by another talk given by Geraline about what she did at the Rally in Galveston. She told the class many interesting things about the Rally and about Eugenia's winning superior award in the contest that she entered.

## NUTRITIONAL VALUE OF MEAT

By RUTH J. COOPER  
Consulting Home Economist Breeder-Feeder Association

Plan your meals around meat and you are assured of satisfying, nourishing meals that all of the family will enjoy. What other food offers as much? Meat satisfies; practically everyone enjoys its flavor; it is easily and thoroughly digested, though somewhat slower than other foods; it contains more of the recognized nutritional essentials than any other food and is therefore, "called one of our "protective foods,"

The U. S. Department of Agriculture, many state experiment stations, and The National Livestock and Meat Board have been doing co-operative research on meat for many years and are responsible for our newer knowledge of meat cookery as well as on nutrition. They point out nine food essentials found in meat:

1. Protein—builds and repairs body tissues.
2. Iron—prevents anemia.
3. Copper—helps body use iron.
4. Phosphorus—builds strong bones and teeth; regulates the body; needed for body processes.
5. Fat—produces heat and energy; carries certain important vitamins.
6. Vitamin A—promotes growth; increases body resistance.
7. Vitamin B. Complex (Thiamin)—stimulates appetite; promotes growth; prevents and cures beriberi; is necessary for utilization of carbohydrate.
8. Vitamin B. Complex (Riboflavin)—promotes growth; protects against certain nervous disorders and liver disturbances.
9. Vitamin B. Complex (Nicotinic Acid)—prevents and cures pellagra.

The dietary habits and conditions which have been so much publicized and condemned are not typical of Southwestern rural diets, and where they exist can be corrected when

## FUTURE HOMEMAKERS WIN HONORS AT GALVESTON RALLY

The Hondo representatives for the Future Homemakers of Texas Rally held last week in Galveston returned home with honors. Eugenia Riff won the Superior award which was the highest award given in the division she entered for the contest, "Planning Social Life for the Family".

The group from Hondo went to Galveston on a chartered bus with Sanderson, Uvalde, Crystal City and Del Rio groups. There were twenty-one in the party. Upon arriving in Galveston, this entire group, after registering for the Rally, went to the City Auditorium and participated in the Choral Contest of the Areas. Area VI, to which this group belongs, sang "To The Gay Village Green".

Thursday morning Geraline Stiegler entered a contest, "Planning Food for the Family", and Eugenia Riff modeled her dress in the contest of General Wear Dresses. Miss Martha Leila Martin was a judge for the School Girls' Costume, Division A, which was also held Thursday morning.

Thursday afternoon Eugenia Riff entered the contest, "Planning Social Life for the Family", in which she won highest honors for Division B. Geraline also entered a contest, the "School Girl's Costume", modeling the dress which she constructed in her homemaking class.

After the contests Thursday the Hondo representatives went to the beach party sponsored by the Rally. Souvenirs of gay nautical kerchiefs were given each person who attended the party.

Thursday evening the Hondo girls enjoyed some of the sights of Galveston while Miss Martin attended a sponsors' meeting at which Miss Ruth Huey, State Director of Home-Josephine Pazdral, who is the State Supervisor of the F. H. T. Miss Pazdral requested that Bonita send the copy of the talk "What Should a Yearbook Contain", which Bonita

people understand the dangers of a poor diet and the elements which go to the making of an adequate, health-giving, disease-preventing habit of eating. While the "Three M's" diet (meat, meal and molasses) is not as common as its publicity implies, it is too common—like small pox, one case is too many—and is responsible, for the scourge of pellagra which still plagues the South.

The Breeder-Feeder Movement has enlisted the cooperation of various home economists and dietitians throughout the state in a concerted effort to touch the subject from many angles. The Safe Diet is being explained and publicized. This diet calls for lean meat at least once a day with liver once a week.

Medical science now prevents and even cures pellagra with nicotinic acid, an identified substance in vitamin B complex or G, as some authorities call it, of which meat is an excellent source. If the substance is present in the regular diet, pellagra will not occur.

Dr. Joseph Goldberger of the U. S. Public Health Service laid the foundation for pellagra research and his work today is still used as a basis for further study. He once stated that the only way to prevent pellagra is to be sure that the diet included the foods containing the pellagra-preventive factor at all seasons of the year such as lean meat, milk, and such vegetables as turnip greens, tomatoes, green peas, spinach and cow peas.

Only by practicing each day the Safe Diet can we insure the family diet against the deficiency diseases. Use of the protective foods liberally, with daily menus containing milk, meat, fruit and vegetables in variety, and in sufficient quantity to satisfy the bodily requirements of the family is the best insurance against doctor's bills.

City people dependent upon cash earnings may find it impossible to buy all the elements of a safe diet. Country people can produce them for themselves, regardless of what they cost their city neighbors.

## A TOAST TO THE SENIORS

By Joyce Oliver

Seniors, here's a poem for you, Twenty-seven students good and true.

This is the time when you'll have your day,

For only too soon you'll be on your way.

Here's a toast while you're ridin' high,

A little something to remember you by.

In spite of initiation and blistered feet too,

We'll miss you next year and all the years through.

But we wish you luck in all that you try,

With never a tear and never a sigh.

And now we Juniors, we'll take care To set our lessons fair and square.

And when our finishing time does come,

We'll not be sorry for the work we've done.

Here's to Miss Johnson, long may she live,

Even as long as the lessons she gives.

In spite of this we love you all.

Upon you—may fortune befall.

gave at one of the sectional meetings

at Galveston. Miss Pazdral stated that the copy of the talk would be put on file in the Homemaking Education offices at Austin.

making Education, and Miss Josephine Pazdral, State Supervisor of F. H. T., spoke to the teachers assembled. At this meeting Miss Josephine Staat of the University of Texas spoke on plans for the first Ruth Huey camp for the F. H. T. to be established, and Georgetown issued an invitation for the camp.

Friday morning the State Meeting of the Future Homemakers of Texas was held at the City Auditorium. Miss Nell Pamley, State Director of Music, led the house in group singing; souvenir song booklets were given each person present. Greetings from various youth organizations in Galveston were offered and amateur numbers were performed by mem-

bers of the F. H. T. As a special treat, the A. & M. Glee Club gave several selections. Dr. L. A. Wood, State Superintendent of Public Instruction, spoke on the subject "Possess your Possessions", bringing out many important thoughts related to successful homemaking.

Friday afternoon various sectional meetings were held. Geraline Stiegler attended the meeting on "Activity Pictures" at the San Jacinto High School; Eugenia Riff attended the meeting on "Newspaper Articles" at the Sam Houston Junior High School, while Bonita Speece and Miss Martin attended the meeting on "Yearbooks and Scrapbooks" at the Lovenberg Junior High School. At this meeting Bonita gave a 30-minute talk on the subject, "What Should a Yearbook Contain?". After this Bonita attended the home of delegates where new state officers were elected and the state constitution was revised.

Friday evening the group attended the banquet at the Galvez Hotel. A clever, entertaining program with a nautical theme was presented, and plate favors of sea shells were given each person.

Saturday morning the girls from Hondo enjoyed a three mile boat ride out into the Bay on the Galvez. After the early morning boat ride the last meeting of the Rally was held at the City Auditorium. At this time all winners of contests were announced and a style show of every dress entered in the contests was given. Kathleen McWhirter, State President of the F. H. T., presided at the installation service for the incoming officers of 1939-40.

After this meeting the Hondo group joined those who came with them on the chartered bus, and the entire party left for Austin Saturday afternoon. Many of the girls had never visited Austin or seen the State Capitol, and the group took this opportunity to go. Sunday morning a tour was made of Austin with visits to the capitol and the campus of the University of Texas.

The Hondo party arrived home Sunday afternoon at 3:30, feeling that a worthwhile, enjoyable, and successful trip had been made.

The girls who attended the Rally wish to express their appreciation to the Hondo Chapter of the F. H. T. for its efforts in making the trip possible, and each hopes to return the benefits of the trip to the club in every way possible.

## CRUSADES FOR COTTON

She's 19-year-old Alice Hall, the "Maid of Cotton," flying ambassador of the National Cotton Council. In major cities from coast to coast she is spreading the story of National Cotton Week and the Cotton Carnival. Outfitted with an ultra-smart wardrobe of all-cotton materials, she is modelling cotton garments at cotton fashion shows, talking cotton on the stage and over the air, making personal calls and appearances in 22 cities plus the New York and San Francisco world fairs. She returned to her home in Memphis for the opening of the South's great cotton party there on May 9. Next to cotton she is devoted to flying and amateur theatricals.

## F. F. A. ACTIVITIES

The District Lone Star Farmer Committee visited two candidates for the Degree of Lone Star Farmer on last Tuesday. The candidates were Victor Saathoff and Roland Nester both of Hondo. This Degree is given the candidates by the State Association of Future Farmers of America.

To receive the Degree a boy must be outstanding in his work in the Organization. He must have earned or invested in farming at least \$250.00; he must be able to lead a group discussion for 40 minutes, know State and National Constitutions and parliamentary procedure. Further requirements are that he be in the upper 40% of his class in scholarship, held office in the local Chapter and be a member of a judging team in his school.

Victor Saathoff and Roland Nester have met the requirements and their applications will be sent to the Area X Committee. The members of the District Committee were Arthur and Albert Lacy and Mr. C. D. Sadler, all of Hondo and Oliver Rheinert of D'Hanis, and Mr. Keith of Sabin.

At the regular Future Farmers of America meeting held on Thursday, May 18, it was decided to hold a regular meeting the first Wednesday in every month this summer. Plans were also started for a Livestock Show to be held next year. At this meeting the local Chapter dues were also set for the coming year.

Mr. Sadler, the Adviser said he would like to hold a Stock Show before the San Antonio Show next year. Besides having Fat Classes of animals there would be some Classes of Breeding animals shown. After much discussion the Chapter dues were set. They will be collected when the State and National dues are paid.

A committee composed of Lacy C. Gilliam, Arthur Lacy, and Walter Bendele was appointed to investigate the possibilities of a group project next year.

## SHERIFF'S SALE

THE STATE OF TEXAS  
County of Medina

NOTICE IS HEREBY GIVEN That by virtue of a certain alias execution issued out of the Honorable County Court of Uvalde County, on the 14th day of April, 1939, by H. H. Carmichael, Clerk of said County Court of Uvalde County, Texas, for sum of Three Hundred Twenty and No/100, (\$320.00) Dollars and costs of suit, under and by virtue of a Judgment, in favor of J. D. Fenley in a certain cause in said Court No. 1666 and styled J. D. Fenley vs. A. L. Ernst, Emelia Ernst and Mrs. W. O. Shane, placed in my hands for service, I, C. J. Schuehle as Sheriff of Medina County, Texas, did, on the 3rd day of May, 1939, levy on certain Real Estate, situated in Medina County, Texas, described as follows, to-wit:

251 acre of land, Abstract No. 1328, out of Survey No. 90, Original Grantee, R. Reily, located and situated in Medina County, Texas, and being land and premises belonging to Mrs. Emelia Ernst, and levied upon as the property of Mrs. Emelia Ernst and that on the first Tuesday in June, 1939, the same being the 6th day of said month, at the Court House door of Medina County, in the City of Hondo, Medina County, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said alias execution issued out of the County Court of Uvalde County, Texas, I will sell above described Real Estate at public vendue, for cash, to the highest bidder, at the property of said Mrs. Emelia Ernst.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Anvil Herald of Hondo, a newspaper published in Medina County.

Witness my hand, this 10th day of May, 1939.

CHAS. J. SCHUEHLE,  
Sheriff Medina County, Texas

# STATEMENT

John M. Carmody, REA Administrator, ordered the P. E. Workman Construction Co. to start work on the Rural Electric lines of the Medina Electric Cooperative, according to H. T. Bardin, Superintendent, in a letter written to all members and prospective customers of the Cooperative.

The complete Text of the letter follows:

TO THE MEMBERS AND PROSPECTIVE CUSTOMERS OF THE MEDINA ELECTRIC COOPERATIVE, INC.:

## EXTRA!

"CONSTRUCTION CREWS ORDERED TO START WORK"

WIRE YOUR FARM FOR ELECTRIC SERVICE NOW

John M. Carmody, REA Administrator, has just approved the construction contract and ordered the P. E. Workman Construction Co. to start work immediately. It is only a matter of days until the digging of post holes is begun. After that the poles begin to go up, the wires strung, the transformers installed. Be ready for electricity as soon as it is turned on. Wire your farm—NOW.

The story of safe and adequate wiring should be told again and again. Poor wiring will be a constant handicap to you. You must have adequate wiring in order to get the fullest benefits from power.

REA has worked out suggestions and specifications for good wiring. We have complete information about it at the project office at Hondo, Texas. Come in and talk it over with us.

A drop cord with an electric bulb on the end is not good lighting. But you can have good lighting. Modern fixtures and lamps are not expensive. Here again we can help you with information on modern, approved fixtures and prices.

Electricity is a faithful servant. If you use it properly it can be persuaded to do almost any kind of work. Electricity will water your horses, it will wash the dishes, it will bake a cake, it will do the milking and then it will keep the milk pure and wholesome and clean so that you can get top prices for it at the creamery.

Don't cheat yourself with skimpy wiring. Give electricity a chance to work for you and it will pay its own wages.

Mr. B. G. Rook, our Resident Engineer, reports that staking crews have approximately fifty (50) miles of line staked to date. He also expresses his appreciation for the cooperation the people along the line have given the crews.

Yours very truly,  
MEDINA ELECTRIC COOPERATIVE, INC.  
By H. T. Bardin, Supt.

On Tuesday, May 23, at 12:15 P. M., John M. Carmody, Rural Electrification Administrator, Washington, D. C., presented a very interesting program over Station WFAA, Dallas.

It included the history of the R.E.A., the purpose of the R.E.A., and explained why the cooperation of the people is necessary for the R. E. A. to be a success. A brief summary of the broadcast follows:

For a number of years the Government of the United States has been studying about different ways of helping the farmer in his many problems. In 1935 the Rural Electrification idea was first introduced, and the Government worked out a plan by which rural homes could be electrified. As the expense of building electric distribution lines would be more than the average farmer could afford to pay, the Federal Government developed a method whereby it could lend the necessary funds for the building of a Rural Electrification Project.

First, it established offices in Washington to superintend the building of electric lines throughout the country. It became necessary to divide the country into sections and have a representative in each section. Every person who desires electric service must become a member of a corporation in his particular section. This corporation must have a Board of Directors, who select a Superintendent or manager to serve as contact man between the officials in Washington and the members of his Corporation.

The construction of the lines must be done as economically as possible, as every penny that is lent by the Federal Government must be repaid within a period of from twenty to twenty-five years, at a low rate of interest. A minimum monthly rate must be established, high enough to furnish sufficient revenue to pay the principal and interest on the Government note, and to maintain and operate the lines. People who do not desire the electric service must cooperate with the people who desire such service, in order for the line to be built at as small a cost as possible.

The Medina Electric Cooperative, Inc., of which Mr. H. T. Bardin has been appointed Superintendent, is a part of this huge Rural Electrification Project. He is willing to cooperate to the best of his ability in building the lines in as short a period of time as possible and at as small a cost to the members of the Corporation as is possible.

The Medina Electric Cooperative, Inc., has established an office in Hondo, to be used as headquarters for all operations in the construction of electric distribution lines in this County. Come in to visit Mr. Bardin and his staff at any time and ask any questions that may arise.
